## FERGUSON DOMINATES CONVENTION

### STATEMENTS BY CANDIDATE HUGHES RESENTED BY WILSON AND CABINET

TELEGRAMS ARE SENT TO MR. HUGHES GIVING FACTS REGARDING APPOINTMENTS IN COAST AND GEODETIC SURVEY AND THE CENSUS BUREAU.

#### BRANDED FALSE AS TO FACTS

Civil Service Law Statements Are Declared Result of Misinformation as Appointments Were Made Under Law as Law Stood for Years, Only Twelve Laborers Being Appointed.

Washington, Aug. 8.—Statements made by Charles E. Hughes, republican nominee for the presidency, in speeches at Detroit yesterday, were characterized as "false as to facts and as to misleading substance" in telegrams sent by administration officials tonight after a long discussion of the subject by President Wilson and his cabinet at today's meeting. The charges related to changes in the coast and geodetic survey and the census bureau.

Secretary Redfield, in Birmingham, N. Y., telegraphed to Secretary Tumulty denying the charges made by Mr. Hughes and later sent a similar telegram to Mr. Hughes. Edwin F. Sweet, acting secretary of commerce in Mr. Redfield's absence, also telegraphed Mr. Hughes denying the charges. Mr. Hughes cited the retirement of Mr. Dana Durand as director of the census bureau and the appointment of William J. Harris in his place, and the replacement of O. H. Tillman as head of the coast and geodetic survey by Dr. E. Lester Jones. Mr. Redfield's telegram to Secretary Tumulty follows:

#### REDFIELD GIVES FACTS.

"Statement of Hughes respecting appointments census and coast survey in Detroit are false as to facts and as to misleading substance. You may say from me that Durand was not retired voluntarily. I recommended him moved or retired. He was not retired. His succession was not political. Harris succeeded to a fine record and was promoted. Tillman was commissioner of the coast survey. Jones, his successor, was promoted for meritorious work as deputy commissioner of fisheries. He made a wonderful record, instilling new life into the service."

Mr. Sweet's telegram to Mr. Hughes quoted Mr. Hughes and continued:

#### DR. TITTMAN NOT DISPLACED.

"I deem it my duty to correct some grave errors in the foregoing statement. Dr. Tittman, superintendent of the coast and geodetic survey, was not displaced. In February or March, 1915, he came to my office and told me that he had determined to resign on account of ill health. He said that he had reached the conclusion many

### Texas Republicans Nominate R. B. Creager for Governor

San Antonio, Aug. 8.—The republican state convention after a long and exciting session here tonight nominated R. B. Creager, former collector of customs at Brownsville, for governor. The nomination went to Creager after Judge W. H. Atwell of Dallas had declared before the convention that he would not accept it. Judge Atwell's remarks were addressed directly to H. F. MacGregor, national committeeman, leader of opposition in the convention, after Mr. MacGregor had expounded the candidacy of Mr. Creager, although he declared that there had been no attempt to "slate" Creager through as the nominee.

### Child Labor Law Finally Passes Senate at Urgent Recommendation of Wilson

Washington, Aug. 8.—The senate late today passed the bill to prevent interstate commerce in products of child labor. The vote was 52 to 12. The measure, already passed by the house, was brought to a vote in the senate upon the insistence of President Wilson after the democratic state caucus once had decided to defer its consideration until next December. Senators who voted against the bill were: Bankhead, Alabama; Bryan and Fletcher, Florida; Hardwick and Smith, Georgia; Overman and Simmons, North Carolina; Smith, Mississippi (democrat); Williams, Mississippi (democrat);

### CHICAGO POLICE CAPTAINS IN SLOT MACHINE GRAFT

Chicago, Aug. 8.—Suspension of six police captains in districts where it is alleged slot machines have been operated during the last month will be recommended by the city civil service commission, Percy C. Coffin, president of the commission, said today he had evidence that two police captains have been receiving a percentage of the profits of these gambling devices. "I am told that one police captain has been receiving \$600 a week and another \$750 a week, as their share of the profits," he said.

### Rejected 60-Year-Old Swain Kills Girl and Himself

Selma, Ala., Aug. 8.—Because a 14-year-old girl, Leita Patrick, refused to marry him, Charles Swain, aged 60, shot and killed both the girl and himself at her home near Lamison, Ala., according to advices reaching here tonight. Within a few hours his body had been buried in a rough pine box by infuriated neighbors.

### Captured Mexican Bandits Are Shot

Chihuahua City, Mex., Aug. 8.—General Thevino received a report today that five Villistas captured in the Matamoros region and brought to Bermajillo have been condemned and shot in that town. Courtmartialists are sitting in the town. The bandits captured by General Thevino, who belonged to the band engaged with the Americans near Fort Hancock and of those brought from Cerro Gordo and those captured by Villa at Jimenez and impressed by him under threats of death.

### NEW YORK STREET CAR STRIKES END.

New York Aug. 8.—All strikes on the surface lines of Greater New York were ended tonight when officials of the New York City and Queens County railroad, and the Richmond Light and Railway company, operating cars on Staten Island and the Second Avenue Railroad company, in New York, agreed to accept the same terms of settlement ratified yesterday by the New York Railways company and the Third Avenue Railroad company.

### AS THE GERMAN SUBMARINE DEUTCHLAND PUT OUT TO SEA

German super-submarine Deutchland just as she started on her dash to sea.

### AUTOS STOPPED IN FRONT OF REVIVAL BY BRICK BATS

FORT WORTH POLICE QUELL DISORDERS CAUSED BY REVIVAL ATTENDANTS TRYING TO PREVENT AUTOS DRIVING PAST TABERNACLE

Fort Worth, Texas, Aug. 18.—Disturbances in the street in front of a revival meeting here today resulted in the thoroughfare being cleared by a squad of fifteen policemen. The trouble started when members of the congregation attempted to prevent automobiles from driving past the tabernacle where the revival is being held, claiming that the meeting was being disturbed. Autos were stopped and a brick was thrown through the windshield of one car. In a few minutes after the police arrived autos were passing peacefully past the tabernacle. Services were called off for the night.

### CONGRESS WILL LEARN WHAT MAKES GASOLINE SOAR

Final Report of Probers Ready for Congressional Consideration.

Washington, Aug. 8.—The federal trade commission has completed its final report on the causes for the rise in gasoline prices and probably will send it to congress next week. Members of the commission today declined to discuss it, but it is understood it will be more specific than the preliminary report sent to congress several months ago, in which the commission set forth facts discovered, but made no deductions or recommendations for legislation.

### Mexican Problem Solving Still Hanging Fire

Washington, Aug. 8.—Formal announcement that a joint international commission will seek a solution for border disputes between the United States and the Mexican de facto government probably will be made tomorrow. Acting Secretary Folk and Eliseo Arredondo, General Carranza's ambassador, virtually concluded their preliminary conferences today. Arredondo assured Mr. Folk today that his government was willing that the commission should have a broad scope, but that it wished to see the immediate questions arising from the border situation disposed of first. State department officials agreed with that view.

### Lady School Teacher Shoots Wisconsin Doctor

Superior, Wis., Aug. 8.—Firing at close range, Miss Helen Stewart, a teacher, and prominently connected, shot and fatally wounded Dr. J. C. Barnesdale, a well known physician and surgeon, in his office late this afternoon, three of five bullets from a .38-caliber revolver taking effect, one in the right lung, one in the left and one in the right shoulder. Miss Stewart asserted that Dr. Barnesdale mistreated her. He said she became angered when he refused to loan her money, as he had done several times on her request during the summer.

Stockdale Times Editorial Changes  
Stockdale, Aug. 8.—Beginning with its issue of September 1, the Stockdale Times will appear with the names of A. L. Baker and R. M. Stovall at the masthead. The former is a prominent stockman and farmer, who has served as state secretary-treasurer of the Farmers' union and who is at present chairman of the Farmers' union of Wilson county, while the latter is a trained newspaper man, through whose writings for a number of important publications Stockdale has been brought into the limelight. For the past few months the Times has been ably conducted by Ernest W. Woods, assisted by R. M. Stovall. Mr. Woods will re-enter the newspaper field at some other point.

### UNION MILK MEN STRIKE IN ST. LOUIS

DEALERS ANNOUNCE THEY WILL ATTEMPT TO SUPPLY TRADE BY USE OF PARCEL POST—LESS THAN 20 PER CENT DELIVERY YESTERDAY.

St. Louis, Aug. 8.—Thousands of St. Louisians became their own milkmen today as a result of a strike and lockout of 500 union milk drivers, which virtually tied up the service of four big distributors.

The dealers announced tonight they would attempt to supply considerable trade by using the parcel post.

Late this afternoon the four big companies were joined by four other dealers in the lockout. It was said other members of the St. Louis Milk Dealers' association would take the same action Wednesday morning.

The first day of the tie-up brought little suffering, although it was estimated less than 20 per cent of the city's regular supply was delivered. The companies supplied the hospitals and the sick and babies by special motor truck service. These trucks moved through the city under police protection, but there were no attempts at violence.

### WACO'S FIRST BALE WILL BE SOLD TODAY

Waco gained her first bale of cotton of the 1916 crop yesterday, the bale having been brought in Monday night about 9 o'clock. It was ginned at the Wilkinson-Driskill gin and weighed 510 pounds. The cotton was grown by John Ragsdale on the Cameron-Bolton farm, four miles north of town. The bale classed middling, and will be sold this morning. A premium was begun yesterday, which will be completed today. It will be remembered that the first bale last year was brought in by Mr. Amos of the Walnut Springs community, and at that time the staple was bringing about 8 1/2c middling basis.

### TODAY'S WEATHER.

VOLUNTARY FORECAST.  
By Isidor Block, D. O. S. F. R. Met. S. Optician and Meteorologist.

Generally fair. A low pressure has developed over the Rockies. So far the condition has caused no precipitation, and when it has moved westward we may expect generally fair weather.

Local Readings.  
The lowest reading yesterday was 75. The barometer stood at 29.85, humidity 48, wind passage 108 miles with 20 miles an hour the fastest, at 4:30 p. m.

Government Forecast.  
Washington, Aug. 8.—Forecast: East and West Texas—Wednesday and Thursday unsettled. Oklahoma, Louisiana and Arkansas—Wednesday scattered showers; Thursday partly cloudy.

### ENTENTE ALIES ARE PRESSING TEUTONS HARD ON ALL FRONTS

BIG ADVANCE REPORTED BY ALIES IN FRANCE WHILE RUSSIANS CONTINUE TO DRIVE A WEDGE WESTWARD IN EAST GALICIA ABOUT STANISLAW.

The entente allies in the main theatres of the war have made additional notable gains against the Teutonic allies. Big advances for them in France, East Galicia and along the eastern Italian front are recorded in the latest communications issued by the French, Russian and Italian war offices.

In France General Joffre's men have taken German trenches three and three-quarters miles in length and from 300 to 500 metres in depth in the last two days; have again won a foothold in the Thiaumont Work near Verdun and captured two lines of German trenches on the Vaux-Chapitre-Chenois front. The British on their part of the battle line in the Somme region near Guillemont have thrown forward their line about 400 yards.

The Russians are continuing to drive their wedge westward into East Galicia in the region about Stanislaw. Here they have taken some half dozen additional towns and villages from the Austro-Germans, and according to Petrograd are continuing to develop their advantage. In all, says Petrograd, territory amounting to 61 1/2 square miles has been captured by the Russians and the pursuit of the Austro-Germans is still going on.

Nizhny, about fifteen miles north-east of Stanislaw; Tlumach, eighteen miles to the east; Otynia, fifteen miles southeast, and Nadworna, twenty miles to the south, are among the latest towns occupied by the Russians. Vienna admits that the Austrians have been withdrawn west of Tlumach, in the face of superior forces. The Gorizia bridgehead, the key to an advance to Trieste, and over which the Austrians and Italians have fought many notable battles, has at last fallen into the hands of the Italians and the fighting in Gorizia is being shelved by them in an endeavor to drive out its defenders. The taking of the bridgehead came with the capture of Monte Sabotino and Monte San Michele. In fighting the Italians took more than 8,000 prisoners and a large number of guns, machine guns and a quantity of war material.

Vienna admits that the Austrian troops defending the bridgehead were withdrawn to the eastern Isonzo in order to avoid severe losses to them, but says the fighting in the Gorizia region continues with unabated stubbornness and that the Austrians have repulsed several Italian attacks.

London, Aug. 8, 11:03 p. m.—Before the echoes have died of the mutual congratulations of the entente allies' sovereigns, statesmen and generals on the auspicious opening of the third year of the war comes news of further Russian successes and of a splendid victory for the Italian army on the Isonzo front. The surprising success of the Italians, who in two days have captured 10,000 prisoners, suggests that in addition to transferring General Koeves, an able Austrian general, from the Trentino front to Galicia, the Austrians also ventured to transfer troops from the Isonzo to the Trentino front, in an endeavor to stem the Russian advance.

### MEXICAN OUTLAW BAND 350 STRONG CAMP NEAR EL PASO

Mariano Tames, Former Villa Colonel, Is Hard Pressed by Carranza.

El Paso, Texas, Aug. 8.—About 350 outlaws under Mariano Tames, a former Villa colonel, are camped tonight on the Mexican side of the Rio Grande, about thirteen miles below Ysleta, according to reports to American military headquarters. The reports, confirmed, said that in an effort to elude the Carranza cavalrymen pursuing them, who yesterday was said to be near Samalayuca and had gone northeast of Zaragoza, almost opposite Ysleta, but he announced that he did not intend to raid the American frontier.

### ANTI-VICTORY CAUSED BY BIG PRO-COUNTIES SUPPORTING DECKER

Platform Committee Begins Work by Appointment of Sub-Committee of Ferguson Lieutenants—Will Report on Endorsement of Wilson and on His Mexican Policy Today.

### FIVE DELEGATIONS ARE STILL CONTESTED

Permanent Committees on Platform and Resolutions, and Permanent Organizations Caucus During Afternoon and Night, Preparing Program for Today, Embracing Resolutions on Woman's Suffrage, Etc.

(Staff Correspondence.)

Houston, Aug. 8.—With the big prohibition counties of north Texas, such as Collin, Fannin and Lamar, voting for Ferguson's candidate for temporary chairman of the democratic convention, D. E. Decker, was chosen over M. H. Wolfe, the choice of the pro-caucus, by a vote of 635 to 190.

The pros knew they had no chance to win because their forces went to sleep while the county conventions were being held, except in a few counties, such as McLennan, but they made the fight as a step toward organization for a fight all along the line hereafter.

Secretary Kirk of the state executive committee was elected temporary secretary.

The convention after the appointment of the usual committees adjourned until 10 o'clock tomorrow. The platform committee went to work this afternoon by the appointment of a sub-committee composed of Ferguson lieutenants: J. E. Walters of Harris, L. E. Clark of Fayette, Marshall Spoon of Tarrant, R. J. Eckshalt of Williamson, W. P. Hobbs of Jefferson, C. B. Hudspeth of El Paso, A. S. Neblett of Navarro. This committee will report on the endorsement of President Wilson, and particularly on his Mexican policy.

Submission and the Robertson law will probably be disposed of by a mere statement of the votes cast upon these issues.

#### TO FORCE RECORD VOTE.

In accordance with the action of the pro-caucus, Dr. Brooks, member of the platform committee from the Eleventh district, has prepared a plank demanding submission from the legislature to the people of the state on the Robertson law, and will be voted upon, but it will receive a much larger vote than Wolfe did for chairman. The purpose of the pros is to force a record vote on this issue.

### J. Frank Hanly Accepts Nomination for President From Prohibition Party

Indianapolis, Aug. 8.—The slogan of "five million votes for prohibition this year," was adopted today by the party leaders assembled for the double notifications of J. Frank Hanly, former republican governor of Indiana, for president, and Dr. Ira Landrith of Boston, for vice president.

Virgil H. Hinshaw, predicted that five million voters will be reached before the end of the campaign. The speakers admitted they do not expect the election of the party's candidates, but all asserted they hope the vote to be so heavy this year that the submission of a prohibition amendment to the federal constitution will result.

They predicted such action by 1920, or sooner.

The declaration by Mr. Hanly that he opposes the plank in the party platform favoring the initiative, referendum and recall, was received in silence. All his other declarations were applauded, especially his references to the Mexican situation and his condemnation of the policy of the present administration in the matter. His remarks concerning preparedness, to the effect that the outcome may be the worst form, for this country, in its worst form, if the apparent spirit along that line is not curbed, also evoked loud applause.

The ceremonies closed tonight with a public rally at which Mr. Hanly and Dr. Landrith were the speakers.

Among the resolutions considered by the platform committee today were one by Railroad Commissioner Mayfield protesting against federal encroachments on the right of the state to control purely state commerce; one by J. J. Eckford of Dallas, calling for a measure to empower the legislature to regulate charges for cotton ginning; one by R. J. Eckhardt of Williamson, calling for a state highway commission, and many others of minor importance.

The friends of Colquitt endeavored to limit the endorsement of the president to general terms, and threatened to make a fight if it were attempted to endorse his Mexican policy, but they have reconsidered and will let this specific endorsement go through without opposition.

#### GOVERNOR SEEKS CONTROL.

The governor's friends are using every influence to control the make-up of the new state executive committee. In several senatorial districts where the pros predominate, evidently acting under a concerted scheme, a few friends of the governor, in each district got together this morning and pretended to select members of all committees and a member of the state executive committee. This was done by the members of Milan county from the Eleventh district.

#### DELEGATIONS IGNORED.

The delegations from McLennan and Falls and other counties never heard of the proceeding until a call was regularly made for a senatorial caucus to select members of the senatorial committee. Milan with only seven votes had already sent up a list of names and selected a member for the new state executive committee. H. C. Meyer of Rockwall and J. C. Meyer of Rockwall, who were members of the regular caucus named Z. A. Booth of Falls county from the Eleventh district.

### Truth of Circulation

The sole object of the "A. B. C."—Audit Bureau of Circulation—is to protect the honest advertiser and publisher by doing away with circulation errors and mis-statements of circulation prestidigitators.

The publishers of newspapers, magazines, farm journals and trade publications all over America, who form the great bulk of the membership of the "A. B. C.," believe that the man who buys advertising space is entitled to a certified check. These publishers, together with advertisers, are spending their money to support the "A. B. C." and pay for the services of trained auditors and they ask the support and patronage of every man who buys advertising space and wants to buy it wisely. When you place your advertising with a publisher who is a member of the "A. B. C." you are protecting your own interests and helping to place the entire business of advertising on a cleaner, sounder and more efficient basis.

WACO MORNING NEWS is a member of the Audit Bureau of Circulation.

### Didn't Expect To Live

In a letter to the Pinus laboratories, Mrs. G. O. Walker, of Walker, Lane County, Oregon, writes:

"I have been taking Fruitola and it has been a great relief. I suffered so with gall-stones my family and friends didn't expect me to live."

Fruitola is a powerful intestinal lubricant and softens the hardened particles that cause so much suffering, expelling the congested waste in an easy, natural manner, to the sufferer's great relief. A single dose is usually sufficient to clearly indicate its efficacy. To build up and restore the weakened, run-down system, Traxo is highly recommended as a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Waco they can be obtained at W. B. Morrison's Drug Co.

### An Offer to Mediate in Threatened Railroad Strike May Be Made by Board

Washington, Aug. 8.—At the suggestion of President Wilson, Judge W. L. Chambers and G. W. W. Hanger of the United States board of mediation and conciliation left Washington tonight to New York to be on the job tomorrow when the representatives of the 400,000 railway men threatening strike confer with the representatives of the carriers. Martin A. Knapp, third member of the board, now in Connecticut, also is expected to reach New York tomorrow.

Under the law the board is not authorized to offer its services until asked to intervene by interested parties or until a tie-up is imminent, but in view of the magnitude of the threatened trouble, it was said tonight that an offer to mediate might be made should the employers and the men fail to get together. President Wilson, it was said tonight, is anxious to have the board on the ground ready to do everything possible.

### STATEMENTS BY CANDIDATE HUGHES RESENTED BY WILSON AND CABINET

CONTINUED FROM PAGE ONE.

months before and had already purchased a place in Leesburg, Va., which he expected to make his home. I communicated this information to Secretary Redfield, who expressed surprise and regret. Dr. Tittman's action was entirely voluntary and was not the result of any request or suggestion of the department, direct or indirect.

#### LESTER JONES NOT VETERINARIAN.

You refer to E. Lester Jones, his successor, as a stock breeder and veterinary surgeon. At one time he had a farm in Virginia on which he raised stock. This was sold some time before he entered the government service. He never was a veterinary surgeon. He is a gentleman of education and refinement. Before his appointment to succeed Dr. Tittman, he was deputy commissioner of fisheries (another bureau of this department), and displayed administrative talent of such high order that he was deemed by both the secretary and myself worthy of recommendation for appointment to fill the vacancy in the coast and geodetic survey. In our judgment this bureau was well equipped from a

scientific standpoint, but stood in great need of a man of executive ability to direct and organize its work. About two months elapsed between the resignation of Dr. Tittman and the appointment of Mr. Jones.

#### CIVIL SERVICE INVOLVING.

"As to your statement regarding the civil service, you are equally mistaken. During the year to which you refer, the number of appointments made in the coast and geodetic survey has been far short of 104. The actual number was 50, of which 35 appointments were made with the approval of the civil service commission. The remaining twelve were for temporary positions, chiefly of laborers, at salaries of less than \$3 a day. None of them were under the civil service law and the law stands now as it stood for years.

"Will you please give this statement the same currency that you gave to the statement you made at Detroit?"

#### Robertson County Crop Prospects.

Bremont, Aug. 8.—This place and the (Robertson) county on yesterday received a real good rain, but not enough, from one-half to one inch rain, which will do great good to cotton, peas, potatoes and peanuts. Cotton in this section of country is very spotted and while there is some real good cotton, there also is a great deal of very small cotton, which will be made much better by this rain, while it will be the making of potatoes, peas and peanuts, of which there is more than the usual crop.

#### Revival at Speegleville.

Bosqueville, Aug. 8.—The revival meeting at Speegleville will commence Friday, August 11. The meeting will be outdoors. All are invited to attend. Services at 10 a. m. and 8 p. m.

### Children Cry FOR FLETCHER'S CASTORIA

## We Will Loan You OUR SERVICES Without Interest

By installing gas connections in your home—and letting you pay us November 1st—provided you give us your order NOW.

If you intend to have gas connections made you will be wise if you accept this special offer.

### RALEIGH GARAGE TO MARK NEW ERA IN EXPERT SERVICE

Expert Practical Auto Mechanics Enter Business Prepared to Excel.

One evidence of the great increase in the number of automobiles in Waco and their influence on the betterment of business conditions is manifest in the character of the Raleigh Garage, which will be opened by Clyde Beady and Watt Crane in the old Winfrey stable building on Eighth street, between Austin and Franklin streets, by August 15th.

These men, well known experts in their line, propose to give every detail of the mechanical work their personal attention, not depending upon questionable hired help to give satisfaction to their patrons. They state they are preparing to install a service department which will be equal to any in the country, both in respect to their manner of handling calls and with regard to the cars they will use. In speaking about the matter, they state they will not use a run-down car in this service, but will give their patrons the use only of cars in first-class condition.

The building is now being put in first class condition, with cement floors, an abundance of light, a modern mechanic's plant, and the installation of all necessary modern lathes and motors.

The members of this firm are both practical experienced mechanics who will be on the job at all times.

### ANTI-VICTORY CAUSED BY BIG PRO-COUNTIES SUPPORTING DECKER

CONTINUED FROM PAGE ONE.

for committee on credentials, Bart Moore for committee on credentials, Dr. S. P. Brooks for the platform committee and Joe Cavitt for the executive committee. McLennan and Falls have twenty-one votes and Milam seven.

Representatives of the regular caucus were about to take the matter to the floor of the convention and Milam withdrew its names. It broke out tonight, however, that a promise had been given to seal the executive committee from the Waco district, although he is not the choice of his own district. This is against precedent which allows each district to select its own chairman.

The purpose of the anti is to dominate the executive committee in order to use it in every way possible, in the submission fight.

#### YOUNG MEN'S LEAGUE FORMS.

An organization was perfected tonight known as the Young Men's Democratic League of Texas, which has five declared objects, clean politics, clean elections, clean conventions, clean governments, submission and prohibition.

Organization is to be had in each county and precinct, enlisting the activities of young democrats. Headquarters will be at Waco, with E. G. Senter as president and George W. Barcus as secretary.

The executive committee is W. J. Johnson, from Harris county; Roy L. Walker, Lampasas county; Royal R. Watkins, Dallas county; Walton D. Taylor, Waco; John B. Daniels, Temple; Carl Roundtree, Fort Worth, and Scott Reed, Groesbeck.

A state meeting will be held at Dallas during the State fair.

#### Submission Defeated.

Houston, Aug. 8.—The net results of the first day's session of the state democratic convention here today was the carrying of their adversaries' first line of defense by the forces in the convention controlled by Governor James E. Ferguson. This was accomplished through the election of a temporary chairman, David E. Decker of Quanah, over M. H. Wolfe of Dallas, slated for the place by the prohibition contingent after a three hours' session.

The permanent committee on platform and resolutions, credentials and permanent organization caucused this afternoon and tonight, with the idea of preparing the program for tomorrow. In the platform caucus, resolutions pertaining to submission, woman's suffrage, the establishment of an agricultural and mechanical college in West Texas, continued appropriations for the higher institutes of learning in the state, the formation of a state gaming commission, and a memorial to congress for the continuing federal coal waterway development in Texas, were considered.

The credentials committee continued hearings on the five contested delegations, and appeared to have settled for several hours' session. The convention resumes work at 10 a. m. tomorrow.

#### SPARE THE WILD FLOWERS.

Consider the Lilies That They Be Not Destroyed, Says Margaret Deland. (Margaret Deland in the North Westchester Times.)

It is surprising that church decoration displays sometimes so little "consideration" for the lily of the field. The beautiful red lily of July, for instance, growing at the roadside, is pulled by the hundreds of ruthless hands, for the purpose of beautifying the church. Often the tiny bulb is dragged out of its sheltering device and so is lost to all the summers to come. Picked this, in great tight bunches, and crowded into vases for altars or tables, they are perhaps hardly glorify God, but are enjoyed by man.

This method of decoration is not only not "considering the lily," but it is generally unsatisfactory and unattractive. In fact, wild flowers are not useful for decorative purposes; they are beautiful in full beauty, the background of solitude; one red lily or two or three, with tall grass or the greenness of briars and milkweed and scrub maples, may be very beautiful and suggestive; but in a mass the beauty and suggestiveness are almost always lost.

It is better and far more effective to use for church decoration a large, simple vase, with here and there, perhaps, some deep, rich note of color such as garden flowers supply much better than the shy and single blossoms of the fields and woods. The story is told of some one who had zeal, not according to knowledge, who made a rope of crowfoot violets to decorate a pulpit, using of these delicate and perfect creatures hundreds of single blossoms.

This effort to protect our native wild flowers may well begin in the church, taking as the text that we are to "consider the lily," not in large and meaningless bunches, not in the passing beauty of its violent death through careless human hands, but we are to consider the lily of the fields—how it grows.

### Y. W. C. A. BUSINESS GIRLS COMPLETE ORGANIZATION

High School Girls Will Organize This Evening—Many Activities Under Way.

About twenty-five business girls met last evening at 6:15 at the Y. W. C. A. for the purpose of perfecting their club and to decide on some phase of work. To the delight of all, Mesdames Jesse Gray Smith, Forrest Goodman and B. C. Nettles served the girls luncheon. The table was beautifully decorated and appetizing menu was provided.

Miss Hawkins, secretary, told the girls of work being done in other cities that they might see the opportunity in Waco. No permanent plans have yet been adopted, but tentative plans along the line of experience telling and story telling, of visiting the sick and lonely, and of cheering the new comers to the city are announced.

Miss May Belle Smythe was elected president of the club and Miss Fay Bolger, secretary. The next meeting will be held next Tuesday evening at 6:15, and all business girls are invited to be present, and are promised a hearty welcome. Every girl who has not been to the association rooms is urged to come.

Today at 5 p. m. the high school girls will meet to form a club. All high school girls whether members of the association or not are extended an cordial invitation, says Miss Hawkins.

Thursday evening the young ladies will enjoy a swim at the Y. M. C. A. swimming pool from 8 to 10 p. m.

C. B. McCollum will entertain the business girls Friday evening at the Country Club. An enjoyable evening is said to be in prospect. All who desire to go, are asked to register their names with Miss Hawkins not later than Thursday evening as autos will have to be secured to accommodate the crowd.

#### PERSONAL MENTION.

J. S. King of Comanche was here yesterday.

E. E. Lavender of Lancaster spent yesterday in the city.

B. B. Cain of Dallas spent yesterday in the city.

A. L. Williams of Temple was in town yesterday.

S. Tension of McGregor was in the city yesterday.

S. Tension of McGregor was in the city yesterday.

Mrs. McDonald left yesterday for a trip to New York.

Miss Ida Adelman leaves today for a visit in Denver, Colo.

J. T. Gallapay of Houston was a Waco visitor yesterday.

J. D. McPherson of Dallas attended to business here yesterday.

J. Herschfelder is leaving Waco today for a visit in Colorado Springs.

Mrs. Charles F. Anderson of Lott is visiting her husband, Captain Anderson in the city.

G. W. York, state manager of the Watkins Remedy company, was here from Houston yesterday.

Judge and Mrs. A. C. Prendergast leave today for a vacation in Colorado Springs and Boulder.

Mr. and Mrs. Sam Knight have gone for an extended visit to Alabama, the home state of Mr. Knight.

M. S. Davis of Fort Worth, traveling freight agent of the Fort Worth and Denver, was here yesterday.

Mr. and Mrs. W. Y. Penn of San Antonio, who have been visiting here, are leaving today for a visit in Colorado.

Mrs. W. H. Pool, 1001 Speight street, was called to Corsicana yesterday by the serious illness of a relative, Mrs. H. B. Boy.

Miss Mazie Turner and cousin left last night for a visit at Beersheba Springs in the Cumberland mountains, after which they will visit several points in Central Georgia.

L. A. Kaufman, sales manager of the Howard Glass Mfg. Co., is in Waco for a few days. Mr. Kaufman is putting out a Texas-made product, the factory being located at Henrietta.

Mr. and Mrs. J. E. Lydick of Fort Worth are visiting friends in Waco. Mr. Lydick until a few months ago was an Associated Press operator in his city and holds a similar position now in the Panther City.

T. W. Miller, manager of the Graham-Jarrell company, received a telegram yesterday from his wife to the effect that her sister, Mrs. William Williams of Hillsboro, whom she had accompanied to Rochester, Minn., for an operation, has withstood the journey nicely. Mrs. Williams will receive treatment in St. Mary's sanitarium from the eminent physicians, the Mayo brothers.

#### CITY NEWS BRIEFS.

The M., K. & T. announces that charity and clergy tickets are no longer good on the Texas Special, trains Nos. 7-27 and 8-28.

Bishop K. H. Jones of Wilberforce, Ohio, in charge of the 7th district of the African Methodist church, is in the city and will speak this evening at the St. Paul A. M. E. church, Second and Jackson streets.

R. W. Hahn, a farmer who lives several miles south of town, had the detectives looking out for his wagon and team last night, which had been taken from a place near the city hall without his knowledge.

The movement of cotton pickers in Texas has begun, as is shown by the number of covered wagons passing through the city from various leading highways. The fall migration of cotton pickers in Texas is not so noticeable as the onslaught of workers each year to the Kansas wheat fields, but is just as much a feature of the farm life.

A number of members of the Wesleyan City federation were present last night at the guests of the Baraca-Philathes City union on the occasion of the annual watermelon cutting of the latter organization at Cameron park. The next meeting of the city union was announced for next Monday evening at the Austin Avenue Methodist church.

Ollie Holmes, negro, was taken in custody yesterday for the theft of some tools from an auto belonging to Dave White. The arrest was made by Detectives Hall and Brandon. It is alleged that Holmes borrowed the car of Mr. White during the recent conclave of the negroes and that he drove the car to Limestone county, leaving it there and selling some of the tools. Holmes was transferred to the county jail.

## The Way to A Better Complexion

To a pure, soft, youthful complexion that will remain with you over passing years. To beauty that will cause your friends to comment on its sudden improvement. Women all over the world for the past 68 years have found

## GOURAUD'S Oriental Cream

the way to greater beauty. It instantly renders to the skin a wonderful refined pearly-white appearance. Its effect is so subtle that its use cannot be detected. Soothing and refreshing to the skin. Highly antiseptic and therefore beneficial in treating skin troubles. Relieves sunburn and removes tan, conceals all facial blemishes. Non-greasy.

**FREE! SEND AT ONCE FOR THE TRIAL SIZE**

We want all women to try Gouraud's Oriental Cream. We feel confident it will show them the way to a greater beauty and a better skin. The trial sizes are expensive to prepare and we therefore ask you to kindly send 10c to cover cost of wrapping and mailing.

### Gouraud's Oriental Beauty Leaves Free—

With each request for the trial size we will send a booklet of Beauty Leaves. Can be had in either pink or white—please specify which.

FERD. T. HOPKINS & SON, 37A Great Jones Street, NEW YORK CITY

### Local Deaths

**D. J. Easley.**  
The funeral of D. J. Easley, aged 25, who died at an early hour Monday morning, was held from the mortuary chapel of F. M. Compton, undertaker, yesterday afternoon at 5 o'clock. Rev. E. N. Calvin, pastor of the Central Christian church, officiated. Interment was made in Park Lawn cemetery. F. D. Easley, father of the deceased, arrived yesterday from Ardmore, Oklahoma, in time for the funeral.

**Arthur Haynes.**  
Arthur Haynes, aged 45 years, died at his home, 1720 South Eleventh street, yesterday at 12:10 p. m. The funeral will be held this morning at 11 o'clock at the mortuary chapel of F. M. Compton, undertaker. Rev. D. A. McGuire, pastor of the Clay Street Methodist church, will officiate. Interment will follow at Park Lawn cemetery.

Surviving besides a widow and daughter are the mother, Mrs. Lizzie Haynes, and a sister, Mrs. Maud May Haynes, both of Hanley, N. M., and three brothers, John and Milton Haynes of Hanley, N. M., and Dave Hanley of Arkansas.

### TELLS RED CROSS FIRST AID HOW TO TREAT BURNS

**Dr. H. F. Connally Makes Practical Address on One of Most Common Injuries.**

More than thirty ladies heard the lecture to the Red Cross organization yesterday afternoon from 5 to 6 by Dr. H. F. Connally. His subject was "The Treatment of Burns."

Dr. Connally spoke of the structure of the skin, and showed how it was affected in case of scalds and burns. He explained that the skin was made up of three layers, describing them as superficial, middle and deep; leaving out all technical terms.

In laying the foundation of his talk, Dr. Connally also spoke at length of the functions of the skin. He said there were five of these functions, namely, protective, sensory, respiratory, regulatory as to heat, and excretory. He took up each function and discussed it briefly, showing the necessity of the covering of the body and its physiological use as an organ.

The next lecture will be given next Tuesday afternoon at 5 o'clock.

## Sheriff Hides Prisoners in Corn Field

Eufaula, Okla., Aug. 8.—An unsuccessful attempt was made early today by a mob of citizens who drove here in automobiles from Morris to get Will and Cecil Towery, negroes, who confessed murdering Charles Vaughn, an oil producer of Morris.

The prisoners lay in a cornfield not far away from the county jail. Sheriff McCune heard of the approach of the mob and immediately took the prisoners to the cornfield where they awaited the mob's departure.

### A Single Application Will Banish Objectionable Hairs

(Aid to Beauty)  
Here is a home treatment for removing hairs that is quick, painless and inexpensive. With some powdered delatone and water make enough paste to thickly cover the objectionable hairs, apply and after 2 or 3 minutes rub off, wash the skin and it will be left soft, clear and hairless. This treatment will not mar the skin, but to avoid disappointment, be careful to get real delatone.

## Didn't Expect To Live

In a letter to the Pinus laboratories, Mrs. G. O. Walker, of Walker, Lane County, Oregon, writes:

"I have been taking Fruitola and it has been a great relief. I suffered so with gall-stones my family and friends didn't expect me to live."

Fruitola is a powerful intestinal lubricant and softens the hardened particles that cause so much suffering, expelling the congested waste in an easy, natural manner, to the sufferer's great relief. A single dose is usually sufficient to clearly indicate its efficacy. To build up and restore the weakened, run-down system, Traxo is highly recommended as a tonic-alternative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Waco they can be obtained at W. B. Morrison's Drug Co.

## An Offer to Mediate in Threatened Railroad Strike May Be Made by Board

Washington, Aug. 8.—At the suggestion of President Wilson, Judge W. L. Chambers and G. W. W. Hanger of the United States board of mediation and conciliation left Washington tonight to New York to be on the job tomorrow when the representatives of the 400,000 railway men threatening strike confer with the representatives of the carriers. Martin A. Knapp, third member of the board, now in Connecticut, also is expected to reach New York tomorrow.

Under the law the board is not authorized to offer its services until asked to intervene by interested parties or until a tie-up is imminent, but in view of the magnitude of the threatened trouble, it was said tonight that an offer to mediate might be made should the employers and the men fail to get together. President Wilson, it was said tonight, is anxious to have the board on the ground ready to do everything possible.

## STATEMENTS BY CANDIDATE HUGHES RESENTED BY WILSON AND CABINET

CONTINUED FROM PAGE ONE.

months before and had already purchased a place in Leesburg, Va., which he expected to make his home. I communicated this information to Secretary Redfield, who expressed surprise and regret. Dr. Tittman's action was entirely voluntary and was not the result of any request or suggestion of the department, direct or indirect.

### LESTER JONES NOT VETERINARIAN.

"You refer to E. Lester Jones, his successor, as a stock breeder and veterinary surgeon. At one time he had a farm in Virginia on which he raised stock. This was sold some time before he entered the government service. He never was a veterinary surgeon. He is a gentleman of education and refinement. Before his appointment to succeed Dr. Tittman, he was deputy commissioner of fisheries (another bureau of this department), and displayed administrative talent of such high order that he was deemed by both the secretary and myself worthy of recommendation for appointment to fill the vacancy in the coast and geodetic survey. In our judgment this bureau was well equipped from a

scientific standpoint, but stood in great need of a man of executive ability to direct and organize its work. About two months elapsed between the resignation of Dr. Tittman and the appointment of Mr. Jones.

### CIVIL SERVICE INVOLVING.

"As to your statement regarding the civil service, you are equally misinformed. During the year to which you refer, the number of appointments made in the coast and geodetic survey has been far short of 104. The actual number was 50, of which 28 appointments were made with the approval of the civil service commission. The remaining twelve were for temporary positions, chiefly of laborers, at salaries of less than \$3 a day. None of them are under the civil service law and the law stands now as it stood for years.

"Will you please give this statement the same currency that you gave to the statement you made at Detroit?"

### Robertson County Crop Prospects.

Bremont, Aug. 8.—This place and this (Robertson) county on yesterday received a real good rain, but not enough, from one-half to one inch rain, which will do great good to cotton, peas, potatoes and peanuts. Cotton in this section of country is very spotted and while there is some real good cotton, there also is a great deal of very small cotton, which will be made much better by this rain, while it will be the making of potatoes, peas and peanuts, of which there is more than the usual crop.

### Revival at Speegleville.

Bosqueville, Aug. 8.—The revival meeting at Speegleville will commence Friday, August 11. The meeting will be outdoors. All are invited to attend. Services at 10 a. m. and 8 p. m.

## RALEIGH GARAGE TO MARK NEW ERA IN EXPERT SERVICE

Expert Practical Auto Mechanics Enter Business Prepared to Excel.

One evidence of the great increase in the number of automobiles in Waco and their influence on the betterment of business conditions is manifest in the character of the Raleigh Garage, which will be opened by Clyde Beard and Watt Crane in the old Winney stable building on Eighth street, between Austin and Franklin streets, by August 15th.

These men, well known experts in their line, propose to give every detail of the mechanical work their personal attention, not depending upon questionable hired help to give satisfaction to their patrons. They state they are preparing to install a service department which will be equal to any in the country, both in respect to their manner of handling all calls, and with regard to the cars they will use. In speaking about the matter, they state they will not use a run-down car in this service, but will give their patrons the use only of cars in first-class condition.

The building is now being put in first class condition, with cement floors, an abundance of light, a modern mechanics' pit, and the installation of all necessary modern lathes and motors.

The members of this firm are both practical experienced mechanics who will be on the job at all times.

## ANTI-VICTORY CAUSED BY BIG PRO-COUNTIES SUPPORTING DECKER

CONTINUED FROM PAGE ONE.

for committee on credentials, Bart Moore for committee on credentials, Dr. S. P. Brooks for the platform committee and J. M. Cady for the executive committee. McLennan and Falls have twenty-one votes and Milam seven.

Representatives of the regular caucus were about to take the matter to the floor of the convention and Milam withdrew its names. It broke out tonight, however, that a promise has been given to seat Meyer as executive committee member of Waco district, although he is not the choice of his own district. This is against precedent which allows each district to select its own chairman.

The purpose of the anti is to dominate the executive committee in order to use it in every way possible, in the submission fight.

The fight for Cavitt will be taken to the floor of the convention.

### YOUNG MEN'S LEAGUE FORMS.

An organization was perfected tonight known as the Young Men's Democratic League of Texas, which has five declared objects, clean politics, clean elections, clean conventions, clean governments, submission and prohibition.

Organization is to be had in each county and precinct, enlisting the activities of young democrats. Headquarters will be at Waco, with E. G. Senter as president and George W. Barcus as secretary.

The executive committee is W. J. Johnson, from Harris county; Roy L. Walker, Lampasas county; Royal R. Watkins, Dallas county; Walton D. Taylor, Waco; John E. Dugan, Temple; Carl Roundtree, Fort Worth, and Scott Reed, Groesbeck.

A state meeting will be held at Dallas during the State fair.

### Submission Defeated.

Houston, Aug. 8.—The net results of the first day's session of the state democratic convention here today was the carrying of their adversaries' first line defenses by the forces in the convention controlled by Governor James E. Ferguson. This was accomplished through the election as temporary chairman of a firm of State Senator David E. Decker of Quanah, over M. H. Wolfe of Dallas, slated for the place by the prohibition contingent after a three hours session.

The permanent committee on platform and resolutions, credentials and permanent organization caucused this afternoon and tonight, with the idea of preparing the program for tomorrow. In the platform caucus, resolutions pertaining to submission, woman's suffrage, the establishment of an agricultural and mechanical college in West Texas, continued appropriations to the higher institutes of learning in the state, the formation of a state gaming commission, and a memorial to congress for the continuance of federal waterway development in Texas, were considered.

The credentials committee continued hearings on the five contested delegations, and appeared to have settled down for a several hours session. The convention resumes work at 10 a. m. tomorrow.

### SPARE THE WILD FLOWERS.

Consider the Lilies That They Be Not Destroyed, Says Margaret Deland. (Margaret Deland in the North Westchester Times.)

It is surprising that church decoration displays sometimes so little "consideration" for the lily of the field. The beautiful red lily of July, for instance, grows by the roadside, is pulled by the hundreds of ruthless hands, for the purpose of beautifying the church. Often the tiny bulb is dragged out of its sheltering crevice and so is lost to all the summers to come. Picked thus, in great right bunches, and crowded into vases for altars or communion tables, it can hardly glorify God, nor be enjoyed by man.

This method of decoration is not only not "considering the lily," but it is generally unsatisfactory and unattractive. In fact, wild flowers are not useful for decorative purposes; they need, for their full beauty, the background of solitude; one red lily or two or three, with tall weed and scrub maples, may be very beautiful and suggestive; but in a mass the beauty and suggestiveness are almost always lost.

It is better and far more effective to use for church decoration a large, simple vase, with here and there, perhaps, some deep, rich note of color such as garden flowers supply much better than the shy and single blossoms of the fields and woods. The story is told of some one who had zeal, not according to knowledge, who made a rope of crowfoot violets to decorate a pulpit, using the delicate and perfect creatures hundreds of single blossoms.

This effort to protect our native wild flowers may well begin in the church, taking as the text that we are to "consider the lily"—not in large and meaningless bunches, not in the massing beauty of its violent death through careless human hands, but we are to consider the lily of the field—how it grows.

## Y. W. C. A. BUSINESS GIRLS COMPLETE ORGANIZATION

High School Girls Will Organize This Evening—Many Activities Under Way.

About twenty-five business girls met last evening at 8:15 at the Y. W. C. A. for the purpose of perfecting their club and to decide on some phase of work. To the delight of all, Mesdames Jesse Gray Smith, Forrest Goodman and B. C. Nettles served the girls luncheon. The table was beautifully decorated and appetizing menu was provided.

Miss Hawkins, secretary, told the girls of work being done in other cities that they might see the opportunity in Waco. No permanent plans have yet been adopted, but tentative plans along the line of experience telling and story telling, of visiting the sick and lonely, and of cheering the new comers to the city are announced.

Miss May Belle Smythe was elected president of the club and Miss Fay Polger, secretary. The next meeting will be held next Tuesday evening at 8:15, and all business girls are invited to be present, and are promised a hearty welcome. Every girl who has not been to the association rooms is urged to come.

Today at 5 p. m. the high school girls will meet to form a club. All high school girls whether members of the association or not are extended an cordial invitation, says Miss Hawkins.

Thursday evening the young ladies will enjoy a swim at the Y. M. C. A. swimming pool from 8 to 10 p. m.

C. B. McCollum will entertain the business girls Friday evening at the Country Club. An enjoyable evening is said to be in prospect. All who desire to go, are asked to register their names with Miss Hawkins not later than Thursday evening as autos will have to be secured to accommodate the crowd.

### PERSONAL MENTION.

J. S. King of Comanche was here yesterday.

E. E. Lavender of Lancaster spent yesterday in the city.

B. B. Cain of Dallas spent yesterday in the city.

A. L. Williams of Temple was in town yesterday.

S. Tension of McGregor was in the city yesterday.

S. Tension of McGregor was in the city yesterday.

Mrs. McDonald left yesterday for a trip to New York.

Miss Ida Adelman leaves today for a visit in Denver, Colo.

J. T. Gallaspy of Houston was a Waco visitor yesterday.

J. D. McPherson of Dallas attended to business here yesterday.

J. Herschfelder is leaving Waco today for a visit in Colorado Springs.

Mrs. Charles F. Anderson of Lott is visiting her husband, Captain Anderson in the city.

G. W. York, state manager of the Watkins-Bendy company, was here from Houston yesterday.

Judge and Mrs. A. C. Prendergast leave today for a vacation in Colorado Springs and Boulder.

Mr. and Mrs. Sam Knight have gone for an extended visit to Alabama, the home state of Mr. Knight.

M. S. Davis of Fort Worth, traveling freight agent of the Fort Worth and Denver, was here yesterday.

Mr. and Mrs. W. Y. Penn of San Antonio, who have been visiting here, are leaving today for a visit in Colorado.

Mrs. W. H. Pool, 1001 Speight street, was called to Corsicana yesterday by the serious illness of a relative, Mrs. H. B. Boyd.

Miss Mazie Turner and cousin left last night for a visit at Beersheba Springs in the Cumberland mountains, after which they will visit several points in Central Georgia.

L. A. Kaufman, sales manager of the Howard Glass Mfg. Co., is in Waco for a few days. Mr. Kaufman is putting out a Texas-made product, the factory being located at Henrietta.

Mr. and Mrs. J. E. Lydick of Fort Worth are visiting friends in Waco. Mr. Lydick until a few months ago was an Associated Press operator in this city and holds a similar position now in the Panther City.

T. W. Miller, manager of the Graham-Jarvis company, received a telegram yesterday from his wife to the effect that her sister, Mrs. William Williams of Hillsboro, whom she had accompanied to Rochester, Minn., for an operation, has outlived the journey. Mrs. Williams will receive treatment in St. Mary's sanitarium from the eminent physicians, the Mayo brothers.

### CITY NEWS BRIEFS.

The M., K. & T. announces that charity and clergy tickets are no longer good on the Texas Special, trains Nos. 7-27 and 8-28.

Bishop K. H. Jones of Wilberforce, Ohio, in charge of the Texas district of the African Methodist church, is in the city and will speak this evening at the St. Paul A. M. E. church, Second and Jackson streets.

R. W. Hahn, a farmer who lives several miles south of town, had the detectives looking out for his wagon and team last night, which had been taken from a place near the city hall without his knowledge.

The movement of cotton pickers in Texas has begun, as is shown by the number of covered wagons passing through the city from various leading highways. The fall migration of cotton pickers in Texas is not so noticeable as the onslaught of workers each year to the Kansas wheat fields, but is just as much a feature of the farm life.

A number of members of the Wesleyan City federation were present last night as the guests of the Barlow-Philpotts City union on the occasion of the annual watermelon cutting of the latter organization at Cameron park. The next meeting of the city union was announced for next Monday evening at the Austin Avenue Methodist church.

Ollie Holmes, negro, was taken in custody yesterday for the theft of some tools from an auto belonging to Dave White. The arrest was made by Detectives Hall and Brandon. It is alleged that Holmes borrowed the car of Mr. White during the recent convalescence of the negroes and that he drove the car to Limestone county, leaving it there and selling some of the tools. Holmes was transferred to the county jail.

### Local Deaths

D. J. Easley, aged 25, who died at an early hour Monday morning, was held from the mortuary chapel of F. M. Compton, undertaker, yesterday afternoon at 5 o'clock. Rev. F. N. Calvin, pastor of the Central Christian church, officiated. Interment was made in Park Lawn cemetery. F. D. Easley, father of the deceased, arrived yesterday from Ardmore, Oklahoma, in time for the funeral.

Arthur Haynes, aged 45 years, died at his home, 1720 South Eleventh street, yesterday at 12:10 p. m. The funeral will be held this morning at 11 o'clock at the mortuary chapel of F. M. Compton, undertaker; Rev. D. A. McGuire, pastor of the Clay Street Methodist church, will officiate. Interment will follow at Park Lawn cemetery.

Surviving besides a widow and daughters, are the mother, Mrs. Lizzie Haynes, and a sister, Mrs. Maud May Haynes, both of Hanley, N. M., and three brothers, John and Milton Haynes of Hanley, N. M., and Dave Hanley of Arkansas.

### Sheriff Hides Prisoners in Corn Field

Enfauola, Okla., Aug. 8.—An unsuccessful attempt was made early today by a mob of citizens who drove here in automobiles from Morris to get Will and Cecil Towery, negroes, who confessed murdering Charles Vaughn, an oil producer of Morris.

Meanwhile, the prisoners lay in a cornfield not far away from the county jail. Sheriff McCune heard of the approach of the mob and immediately took the prisoners to the cornfield, where they awaited the mob's departure.

### A Single Application Will Banish Objectionable Hairs

(Aid to Beauty) Here is a home treatment for removing hairs that is quick, painless and inexpensive. With some powdered detanone and water make enough paste to thickly cover the objectionable hairs, apply and after 2 or 3 minutes rub off, wash the skin and it will be left soft, clear and hairless. This treatment will not mar the skin, but to avoid disappointment, be careful to get real detanone.

### TELLS RED CROSS FIRST AID HOW TO TREAT BURNS

Dr. H. F. Connally Makes Practical Address on One of Most Common Injuries.

More than thirty ladies heard the lecture to the Red Cross organization yesterday afternoon from 5 to 6 by Dr. H. F. Connally. His subject was "The Treatment of Burns."

Dr. Connally spoke of the structure of the skin, and showed how it was affected in case of scalds and burns. He explained that the skin was made up of three layers, describing them as superficial, middle and deep; leaving out all technical terms.

In laying the foundation of his talk, Dr. Connally also spoke at length of the functions of the skin. He said there were five of these functions, namely, protective, sensory, respiratory, regulatory as to heat, and excretory. He took up each function and discussed it briefly, showing the necessity of the covering of the body and its physiological use as an organ.

"In case of a slight or red burn," the speaker said, "use a little bicarbonate of soda to exclude the air."

In case of blisters, he said, they should never be opened or burst, if that might be prevented. He explained the water might be let out of a blister with a needle, puncturing the skin to one extreme side of the blister. The danger in breaking a blister is that the skin will absorb impurities. "Large burns waste the fluids of the body which are so much needed by it," said the doctor, "and where there is a large burn some non-absorbent substance should be used on it, and at the same time some antiseptic preparation." The common remedy of vasoline or ungentine was suggested as the best remedy. To insure rest, morphine should be given, or paregoric is good, it was explained.

Dr. Connally advised that the old-time remedies of linsed oil, varnish, or cobweb and soot were good so far as they kept out the air. To relieve pain it is a good plan to immerse the patient in warm water. He said many deaths resulted in a few hours because of the shock; because of absorption, which caused ptomaine poison, and because of the destruction of the red blood corpuscles. To prevent shock, it was advised that a patient be given a heart stimulant such as strychnine or caffeine, but never alcohol since it has the wrong effect. For a general treatment lime water or carrol oil was said to be good, but a more recent treatment is a one per cent solution of picric acid.

The next lecture will be given next Tuesday afternoon at 5 o'clock.

## DYING HARD.

The governor has made a new discovery—that a majority is not a majority. He insists that because the submission amendment did not receive more than half of all the votes cast in the primary, it did not receive a majority at all, and is not binding on the legislature, although it received more votes than were cast against it. To put the matter more plainly: he would count against submission all who did not vote on the subject.

This contention has no precedent, it is against the practice of Texas democracy and is offensive to common sense, but all of that counts for nothing with those who are determined to defeat submission at any cost.

This, however, is not their only device. They next say that the state democracy has no right to instruct the representatives of the several districts, and that the local representative is bound only by the vote of his district. The first returns from the Beaumont district gave a majority for submission, but since these have been sifted, it has been discovered that there is a slight majority the other way. It may require the vote of the Beaumont senator to carry submission.

All of which goes to show that the brewers are dying hard, but let no one doubt that they are going to be put out of Texas sooner or later.

Mr. Woodward, nominee for state senator from the twenty-sixth district, in Western Texas, proposes to put the brakes on the power of commissioners' court to create debts under the guise of emergency warrants. He is right about it. The constitution limits the debt which may be credited by placing a limit on the tax levy, and it is a dangerous evasion of the constitution to permit any official body to do by indirect action what cannot be lawfully done by direct action.

Germany reports the invention of a device for making paper out of cotton stalks. Several years ago, a Texan patented a process for making a beautiful, creamy, silken cloth of cotton stalks, but for some unknown reason it was forgotten. The fibre of the cotton stalk possesses qualities not dreamt of by the average man, and when we get the European habit of economy in all things it will become a valuable by-product of the cotton patch.

Four contesting delegations appeared before the Houston convention with the complaint that the counties from which they came did not send Ferguson men to the convention, and this was promptly recognized as due cause for election of the regular delegations. Democrats who do not desire to have their counties disfranchised should bear this in mind. Put none but Ferguson men on guard hereafter.

The Houston Post says: "Money is a powerful agent to send after any office. We know that it is usually a successful agent. But the people are almost weary of seeing their highest office auctioned to the highest bidder." To that the honest people of Texas will all say amen and amen. And the honest people of Texas ought to get together to put a stop to it.

The claim that is being set up by the political agents of the brewers that the submission command of the people is not binding on legislators will deceive no one. The legislator who thinks the people can be duped is mistaken. That pretext is too silly to hide the real inducement which the brewers employ when they want to carry things contrary to the popular will.

Mrs. Eva Harding, who ran on the woman suffrage platform, is a democratic nominee for congressman in Kansas. Her opponent is now convinced that a woman has more capacity for politics than he formerly thought she did.

The democratic state executive committee is reported to be in a bankrupt condition, with a deficit of \$1,000. Secretary Kirk should put that report in his adding machine and try again. There is no telling what result he may get next time.

Speakers at the Colquhitt rally at Houston indicated that the entire national administration, including the two cabinet members from Texas, Burleson and Gregory, are a bad lot. Gubernatorial booms that sprout this early may be expected to wither when the first frost falls. The sooner boom lacks staying qualities.

Cotton climbed a dollar a bale last Saturday. Go it, you white-haired dandies; climb some more.

## A BRIGHTER OUTLOOK FOR MEXICO.

The effort of the republican party and its candidate to cast upon the democratic administration responsibility for all the woes of Mexico is as logical as it would be to arraign the president as the moving cause of the European conflagration. In view of the stress that has been placed upon Mexico in the republican indictment, it will greatly embarrass Hughes and his managers if the negotiations now on foot shall result in the inauguration of a movement for the regeneration of Mexico.

The joint commission will sure begin its duties under more favorable conditions than have surrounded any previous effort of this kind. Carranza seems at last to have become amenable to reason. His inability to establish order without assistance from without as well as from within has been fully shown. All Latin America demands that he shall quit his foolishness and make the pacification of the country the supreme aim of his forces.

It has been demonstrated even to the most ignorant classes among the Mexicans that this country has no territorial designs upon them; that the administration at Washington seeks nothing but their own good.

Under these conditions, it may reasonably be expected that the pacification of Mexico will be well under way before the close of the present year.

## Editorial Round-Up

**Pie Counter the Issue.**  
The speech of acceptance of nominee Hughes furnishes the best argument extant that the republicans have no vital issue to present why Mr. Wilson should not be re-elected president. If there had been, Mr. Hughes is very capable of suggesting it. As he has failed to do so is the best evidence in the world that the republicans are well-meaning and anxious to get back to the pie counters where they stayed so long. Another reason they have made a nomination is that such a course is indispensable to maintaining the party adherence. If any president has ever proven worthy of re-election, Mr. Wilson is an illustrious example of such.

**Uncle Sam's Real Estate Deals.**  
Though she will be paying a higher price relatively for the amount of territory secured than for any of her earlier acquisitions, the United States will be making a good bargain in purchasing the Danish West Indies for \$25,000,000. Though the territory to be acquired, including the islands of St. Thomas, St. Croix and St. John, consists of only 138 square miles and supports a population of only 30,000, the good harbor of St. Thomas will be more than worth the money, even if the islands never make a commercial return on the purchase price. The port of St. Thomas will give the United States a strategic value to the navy in defense of the Panama canal in event of war, and of tremendous value to merchant ships in time of peace.

The Panama canal greatly enhances the value of all possible coaling stations at strategic points and the necessity for the American navy to control the Caribbean in event of war, swells the value of such coaling stations inordinately. For this reason the United States will be justified in paying a higher price for the islands than she has paid for any of her other acquired territory. It was simply a question for Uncle Sam to buy them or stand by and see some other nation get them. They were on the market, and the market was strong.

The following data in view of the Danish purchase is interesting: For Alaska, containing 590,844 square miles, this country paid \$7,200,000. The Philippines, containing 127,853 square miles, cost Uncle Sam \$20,000,000. Napoleon the Great accepted \$15,000,000 for the 1,171,931 square miles of Louisiana territory. For \$5,000,000, all paid to Americans for claims against Spain, the United States secured 59,268 square miles of Florida land. — Pensacola News.

**Texas Is Willing!**  
The big insurance companies which have devoted much time and money in their efforts to dictate to Texas as to whether or not to accept the insurance law—one of the wisest and fairest laws ever put on the statute books of Texas. At the last session of the legislature, thousands of dollars of the taxpayers' money was spent in fruitless effort to repeal or amend this law by doing away with the compulsory investment feature. The vote is so decisive that it ought to be final, and we confident expect the few big insurance companies that have refused to do business in Texas, in an effort to dictate to us, will now come back and get their share of the rich Texas insurance business. — Greenville Banner.

**Kerens Some Cotton Booster.**  
Kerens has received her first bale of cotton, it having come in last Friday. This marks the beginning of several months of flourishing business. It is recognized by Navarro farmers that Kerens is one of the best cotton markets in this section of the state. She has held this record for years, always seeing to it that the raiser of cotton gets the highest price for his product. Never has she fallen down on the price, and never will she. Mr. Farmer, bring your cotton to Kerens and get a good price for it. The place to sell your cotton is the place you get the best price. — Kerens Tribune.

**Texas Lads Again.**  
Of the thousands of complaints that have come out of the guardsmen's camps on the border, dealing with food, heat and other conditions, not one, says General Funston, has come from the Texas troops. More than that, the commander of the Southern department adds, the Texas guard was the one contingent that arrived at the border with more than its "paper" strength—two recommendations of the Texas major that should be satisfactory answer to those Eastern and Northern critics who made a big do about the 116 Texas members refusing at first to take the oath of service. — Denton Record and Chronicle.

## MANY MILLION DOLLARS DROP IN CROP PROSPECTS

August Report in Department of Agriculture Indicates Higher Prices.

Washington, Aug. 8.—Falling off in crop prospects amounting to many million dollars' loss to farmers was indicated today in the department of agriculture's August report, which forecast declines in indicated production in almost every important crop from the forecasts received in July.

Wheat showed a loss of 105,000 bushels, corn 83,000,000 bushels, oats 43,000,000 bushels, barley 11,000,000 bushels, and there were decreases in rye, Irish and sweet potatoes, flax apples and peaches. A heavy reduction of the indicated production of cotton previously had been reported.

Corn is in a serious condition from drought and if rain does not come soon the yield will be smaller than the forecast announced today, which was 2,777,000,000 bushels.

Forecasts of production, which may be larger or smaller than indicated, as conditions affecting the crops are better or worse, follow (stated in millions of bushels, i. e., 1,000,000 omitted):

Crop	August 1916-1917	Forecast, Average
Winter wheat	455	495
Spring wheat	199	233
All wheat	654	728
Corn	2,777	2,932
Oats	1,274	1,318
Barley	195	218
Rye	41.9	37.6
Buckwheat	17.1	17.0
White Potatoes	364	361
Sweet potatoes	71.0	57.1
Tobacco (lbs.)	1,197	992
Flax	14.1	18.7
Rice	34.2	24.4
Hay (tons)	84.6	68.2
Cotton (bales)	14.2	14.2
Sugar beets (tons)	7.57	7.29
Apples (bbls.)	71.6	43.8
Peaches	40.3	43.8

Other details follow:

Winter Wheat—Yield 13.8 bushels an acre.

Spring Wheat—Condition 62.4 per cent of a normal, yield 12.9.

Corn—Condition 75.3, yield 25.6.

Cotton—Condition 72.3.

Oats—Condition 81.5, yield 21.4.

Oats—Remaining on farms, 113,395,000 bushels.

Production figures for winter wheat and rye are preliminary estimates.

Comparison of the August with the July production forecast indicates the changes in prospects caused by the weather and other conditions during the month of July.

The next general crop report will be issued Friday, September 8.

**BRUCEVILLE IN REVIVAL.**

Methodists Start Meeting With Active Choir of 130 Voices.

Bruceville, Aug. 8.—The Methodist meeting at Bruceville has had a fine start. One hundred and thirty were in the choir last night. All seats in the tabernacle were full. One man about seventy years of age was converted. The music is very fine.

Evangelist Bowden is one of the finest choir leaders and soloists we have heard. His preaching is drawing a crowd to hear him. We are expecting a great meeting.

Miss Jackson, Edmondson of Copera Cove is visiting Miss Albert Kincannon.

Joel Kincannon left last night for Houston to attend the democratic convention.

**ARRESTED AS ARMY DESERTER.**

Meridian Man Alleged to Have Left Army After Eleven Days' Service.

Meridian, Aug. 8.—Sheriff Romine arrested Adley Bryan here today and placed him in jail. According to witnesses received from officials at Mission, he had joined the army at Dallas on the 15th of last May, and was stationed at Mission, Texas. After eleven days' service he deserted, and a few days ago he came to his home here, where he was placed under arrest. He had served three years in the navy on the Pacific coast, and was honorably discharged only last spring. He will be carried back to Mission at an early date.

**CONFEDERATE REUNION OPENS.**

Gatesville Expects Large Crowd to Enjoy Annual Occasion.

Gatesville, Aug. 8.—The Confederate reunion opened today with a good attendance. J. J. D. Cobb made the address, which was well received by Judge J. H. Arnold. There were thirty-eight members of the local camp enrolled and fifteen visiting veterans at noon today. Great crowds are coming from all sections of the state. Several Waco people came in this evening.

**CORPORAL AND SHERIFF KILLED.**

Katy Train Strikes Auto at New Braunfels, Killing Two.

San Antonio, Aug. 8.—Corporal Frank Bromley, Third Illinois Infantry, and Sheriff Henry Benoit of Comal county, were killed Sunday night at New Braunfels when a fast Katy train struck the automobile in which they were riding. August Knecht and Gus Scholl were injured. Corporal Bromley was thirty years old and a veteran of the Spanish-American war. His home is at Aurora, Ill.

**GAUSE HAS THIRD BALE.**

All Sell at Fancy Price Zut Yield Is Light.

Gause, Aug. 8.—Crops are a little lighter in this section this year, owing to the dry weather. This summer's cotton is not near so fine as expected a month ago. Three bales of cotton have been ginned at this place this year and sold for a fancy price. The corn crop is fairly good in this country. This place is very much in need of rain.

**MART GETS FIRST BALE.**

Strict Middling Raised by H. L. Fike Brings 16 1-2 Cents.

Mart, Aug. 8.—The first bale of the season of 1916-1917 was brought in today by H. L. Fike of the Ben Hur community. It weighed 345 pounds, classed strict middling and was sold for 16 1-2 cents to Wilson Bros. Mercantile Co.

**Interesting Bank Ruling.**

Austin, Aug. 8.—It was held today by the attorney general's department, through First Assistant Attorney General Cureton, that in the case of an insolvent bank which has been liquidated by a liquidating agent selected by the stockholders and not through the instrumentality of the department of banking, a depositor who had not secured his deposit paid out of the guaranty fund of the state.

## DYING HARD.

The governor has made a new discovery—that a majority is not a majority. He insists that because the submission amendment did not receive more than half of all the votes cast in the primary, it did not receive a majority at all, and is not binding on the legislature, although it received more votes than were cast against it. To put the matter more plainly: he would count against submission all who did not vote on the subject.

This contention has no precedent, it is against the practice of Texas democracy and is offensive to common sense, but all of that counts for nothing with those who are determined to defeat submission at any cost.

This, however, is not their only device. They next say that the state democracy has no right to instruct the representatives of the several districts, and that the local representative is bound only by the vote of his district. The first returns from the Beaumont district gave a majority for submission, but since these have been sifted, it has been discovered that there is a slight majority the other way. It may require the vote of the Beaumont senator to carry submission.

All of which goes to show that the brewers are dying hard, but let no one doubt that they are going to be put out of Texas sooner or later.

Mr. Woodward, nominee for state senator from the twenty-sixth district, in Western Texas, proposes to put the brakes on the power of commissioners' court to create debts under the guise of emergency warrants. He is right about it. The constitution limits the debt which may be credited by placing a limit on the tax levy, and it is a dangerous evasion of the constitution to permit any official body to do by indirect action what cannot be lawfully done by direct action.

Germany reports the invention of a device for making paper out of cotton stalks. Several years ago, a Texan patented a process for making a beautiful, creamy, silken cloth of cotton stalks, but for some unknown reason it was forgotten. The fibre of the cotton stalk possesses qualities not dreamt of by the average man, and when we get the European habit of economy in all things it will become a valuable by-product of the cotton patch.

Four contesting delegations appeared before the Houston convention with the complaint that the counties from which they came did not send Ferguson men to the convention, and this was promptly recognized as due cause for rejection of the regular delegations. Democrats who do not desire to have their counties disfranchised should bear this in mind. Put none but Ferguson men on guard hereafter.

The Houston Post says: "Money is a powerful agent to send after any office. We know that it is usually a successful agent. But the people are almost weary of seeing their highest office auctioned to the highest bidder." To that the honest people of Texas will all say amen and amen. And the honest people of Texas ought to get together to put a stop to it.

The claim that is being set up by the political agents of the brewers that the submission command of the people is not binding on legislators will deceive no one. The legislator who thinks the people can be duped is mistaken. That pretext is too silly to hide the real inducement which the brewers employ when they want to carry things contrary to the popular will.

Mrs. Eva Harding, who ran on the woman suffrage platform, is a democratic nominee for congressman in Kansas. Her opponent is now convinced that a woman has more capacity for politics than he formerly thought she did.

The democratic state executive committee is reported to be in a bankrupt condition, with a deficit of \$1,060. Secretary Kirk should put that report in his adding machine and try again. There is no telling what result he may get next time.

Speakers at the Colquhoun rally at Houston indicated that the entire national administration, including the two cabinet members from Texas, Burleson and Gregory, are a bad lot.

Gubernatorial booms that sprout this early may be expected to wither when the first frost falls. The sooner boom lacks staying qualities.

Cotton climbed a dollar a bale last Saturday. Go it, you white-haired daniel; climb some more.

## A BRIGHTER OUTLOOK FOR MEXICO.

The effort of the republican party and its candidate to cast upon the democratic administration responsibility for all the woes of Mexico is as logical as it would be to arraign the president as the moving cause of the European conflagration. In view of the stress that has been placed upon Mexico in the republican indictment, it will greatly embarrass Hughes and his managers if the negotiations now on foot shall result in the inauguration of a movement for the regeneration of Mexico.

## MART NEWS BUDGET

Local, Personal and Society News Written Especially for the Waco Morning News by Miss Naida Lone Barnes.  
Mart, Texas, August 5, 1916.

H. B. Herring and Mrs. Herring have recently removed from Marlin to Mart. Mr. Herring has opened up the Necessary Store, and is already considered one of Mart's representative business men. He and his family occupy an apartment in the home of Mrs. L. D. Hudson.

A. J. Youngblood, from the Brazos river country, was in Mart with a load of delicious watermelons on Monday. Mr. Youngblood will be welcomed with another load.

W. J. Durham motored into town from his farm on Tuesday morning. Norwood Parrott of "The Texas Company," Dallas, spent the weekend with his family and friends in Mart.

Miss Elton Davis has just returned from a two weeks' visit in Waco. Miss Lorena Stockton of Plainview is a guest of Miss Elmor Gladdish. E. M. Phillips and Mrs. Phillips, living just south of Mart, have been regular attendants of the Baptist revival which has just closed.

T. M. Wilson and F. P. Harder have departed for the east, where they will make fall purchases for Wilson Bros. Mercantile company.

Mr. Groskiew, a farmer from the Lott neighborhood, was in Mart on Tuesday. He reports a good half-bale to the acre crop of cotton on his farm.

Miss Flo Byram left Sunday night for her home in Houston. She was accompanied by Miss Gertrude Mizell, who will be her guest for several weeks.

J. A. Climer, a prosperous farmer from east of town, in Limestone county, was seen on the streets of Mart Monday.

Mrs. J. G. Davis has as her house guest this week Miss Belle Davis of Dallas, and Miss Hazel Trawick of Waco.

Mrs. Parnell and the Misses Parnell returned on Monday morning from Colorado, where they have very delightfully spent the past month.

Mr. and Mrs. Laughlin were in from their farm near Kirk, Tuesday morning.

Dr. Ed Smith is building a new silo beside two other tall sentinels of the

### THEATRES

#### HIPPODROME.

#### "The Wild Girl of the Sierras."

The superb acting of the cast in "The Wild Girl of the Sierras," starring Mae Marsh and showing at the Hippodrome today and Thursday, is the big thing of the production. Mae Marsh's characterization of the wild girl is beautiful and wonderful, realistic and finished. She has carefully avoided overdoing the portrayal, and the touches of pathos and tenderness she gives the simple lass who lived all her life without human companionship count for much in the final effectiveness of the picture. She does not seem to hear the human voices about her after she has been found, does not pay any attention to them, but talks with her eyes and her motions fluently and intelligently. Robert Harron in the character of Bob Jordan, a wealthy youth and "tenderfoot," is especially good, and Wilfred Lucas' characterization of the gambler is excellent and rings true. These three stars played together in the first "primitive man" film ever made, five years ago. It was under the direction of David W. Griffith, and was heralded then as a wonderful picture. Olga Grey also plays in this cast, and James O'Shea, both doing excellent work.

The Wild Girl was left when but a little child in the dream western woods. Her mother was killed by Indians and it was supposed that the child was also killed or taken by the savages. She managed to live on Nature's foods and made friends with the animals of the forest. Thus she grew into a young girl loving her playmates but knowing not the human face or voice. The father turns a gambler, and comes back to the woods to sell to a young tenderfoot with money, the useless mine which was abandoned long ago. The boy sees the girl in her dress of feathers up in a tree, and thinking her a sort of animal, he takes her to his camp, and thus begins the unique and novel and altogether pleasing story of the Wild Girl.

#### NICKEL.

#### Children's Day Today—Joyce Fair.

"A Chimney Sweep," two-part Essanay with 11-year-old Broadway star, Joyce Fair, will be great stuff for your children. It's something of a fairy love story. Jimmy, the waif, sees Joyce while cleaning the chimney in Joyce's magnificent home. He believes her the most beautiful thing he has ever seen. Clipping a curl while she sleeps, he leaves a note explaining that he "tuck the curl because you're the prettiest girl I ever saw." Adopted and well educated, he grows up, immensely liked by Joyce, but he has a rival. He writes Joyce informing her that one of her suitors is the little chimney sweep. To find out how it all ends you will have to go to the Nickel today. There's a good comedy, too. You'll laugh.

#### Waco Factory Product Excellent.

## Y. M. C. A. WILL HELP BUILD BETTER ROADS

GENERAL MEETING DECIDES TO  
RAISE MONEY TO COMPLETE  
CRAWFORD ROAD.

### WANT STREETS OPENED UP

Committee Will Investigate Opening  
Seventh at Austin and Others.  
Wippenrecht Speaks.

Good roads as a subject for discussion and for action found much favor among the members present for the general monthly meeting of the Young Men's Business League on the roof garden of the Texas Telephone company last night. It was definitely determined to begin at once a campaign to raise several hundred dollars to complete the connecting link on the old Crawford highway between Hog creek and the Bosque river; delegates were named to represent Waco at the state good roads meeting at Madina Lake, August 17-19, and Paul Wippenrecht of the state department of agriculture, the principal speaker, took occasion to insist that the development of highways was the most practical project that a Texas town could promote. Most of the reports made by the various committees indicated progress and activity and at the close of the meeting chilled watermelons were served and cigars passed around.

F. E. Goodman for the publicity committee said that all matters referred to his committee had been disposed of with the exception of removing the "Welcome to Waco" sign. A contract has been made toward this end, he said.

T. H. Williams of the membership committee reported the names of five new members.

R. B. Dupree reported that his committee had been keeping up with various agricultural movements in this section. He spoke particularly of the interest of the committee in all efforts toward tick eradication in central Texas.

The financial condition of the league was reported favorably and in detail by R. E. L. Montgomery.

W. W. Naman said that the bulk of material for the white way was expected any day. Some of the transformers have been received and that

### AT THE HIPPODROME

Today and tomorrow Mae Marsh in "The Wild Girl of the Sierras."

stretch of two miles of bad road between Hog creek and the Bosque on the Crawford road. He said that the farmers of the neighborhood with the co-operation of the county commissioners had arranged to handle the situation with the exception of about \$300. He wanted the league to raise this in Waco.

W. V. Crawford moved that the league raise this amount and that a committee to this end be appointed.

The members approved the idea unanimously and President Duncan appointed the following committee to finance this project: W. T. Wheeler, John Dollins, John Hopkins, W. V. Crawford and L. E. Bain.

Attention was called to the state good roads meeting to be held soon at Madina Lake August 17, 18, 19, by Dr.

ways leading into this county. The following were appointed: W. C. Duncan, W. T. Wheeler and J. C. Killgore.

W. V. Crawford spoke enthusiastically of the Katy's recent action in making Waco headquarters for a number of train auditors. The league went on record for a vote of appreciation to the Katy.

#### WOULD OPEN UP CITY BLOCKS.

The opening up of city business blocks was stressed by Mr. Crawford, who moved that a committee be appointed to get at the heart of this matter. This motion was carried. The committee will be appointed later.

W. W. Naman offered a motion thanking the city officials for passing the resolution to place a safety traffic semaphore system in the business district.

#### WOULD BRING MILITIA TO PALACE.

J. B. Earle moved that the league co-operate in an effort to get several companies of militia here during the Cotton Palace. He thought the Third Battalion of Texas infantry, for instance, would be a great drawing card. Several speakers heartily endorsed the movement. The league adopted the idea by vote and a committee will be appointed to take up the matter.

W. H. Hoffmann suggested that the proposition of securing a collection of Waco views properly framed to be sent to various conventions for publicity purposes. This matter was referred to the league publicity committee with power to act.

Sam Nix, public weigher and chairman of the league committee on the first bale, said that the initial bale had been received and that it was proposed to conclude the raising of a hundred dollar premium today.

R. J. Windrow told the efforts of his special committee to give the Temple boosters a warm welcome on their excursion stopover in Waco yesterday. The Big Four Ice company, the Waco Cigar company and the Texas Telephone company were formally thanked for their contributions toward the success of the evening.

J. D. Wagner, who represented the Waco community, was complimented by the league by being made an honorary member.

#### WIPPENRECHT STRESSES NEED OF ENTERPRISE.

Paul Wippenrecht of the state department of agriculture, made a straightforward talk on a city's duty in agricultural Texas.

"The three words that are the greatest stumbling block to progress are, 'What is the use?' declared Mr. Wippenrecht. 'Whenever some new way is suggested for an old thing, some one is always ready to say, 'Well, what's the use, anyway?' He said old Texas was taking strides toward the new order of things. Good roads, better farming methods and better training are of more importance, according to the speaker, than factories.

He said every effort to secure representatives from other organizations of the city and that all members of the county commission be solicited and urged to go.

Mayor Dollins, who was named on the committee, was among the first Texas mayors to take an active lead in writing the congressmen to secure the passage of the appropriation bill for highways.

W. T. Wheeler suggested that a committee be appointed to promote the putting up of road signs on all highways.

The speaker paid a high compliment to Fred W. Davis, commissioner of agriculture.

On request, Mr. Wippenrecht explained the local option tick eradication law and declared it was not only feasible but had become a necessity. He urged that McLennan county take up this proposition and create interest, looking toward the passage of the tick dipping law.

#### Education Committee of Y. M. C. A. to Meet Tomorrow Evening

The education committee of the Y. M. C. A. will meet tomorrow evening for the purpose of adopting a plan of work for the coming year. Various committees are now preparing their reports and recommendations. The committee on education will present recommendations on the general lectures to be had this year, the matter and plans for the night school, teachers for the night school, etc.

The vacancy of the physical directorship is yet open. However, G. M. Hunter, now of Silver Bay, N. Y., has been selected to fill the vacancy temporarily, taking charge about September 1.

The aquatic meet, which was to have been held tomorrow evening, has been postponed until some date in September, the date to be decided on later.

#### Traffic Department Keeps an Eye On Over-Charges

Tariffs and classifications because of their multiplicity and intricacies are often hard for the consignee to decipher, even though he be a good traffic man, and a small error in classification sometimes means an over-charge of several dollars.

Illustrating this idea, H. D. Driscoll, traffic manager of the Chamber of Commerce, yesterday pointed out the case of a motor truck being shipped here from Detroit, Mich. By the fine discrimination between a "motor truck" and an "auto" and an inter-charge of rates applicable to certain territories based on the Mississippi river. As a result Mr. Driscoll figured that the over-charge was something like eight dollars. He will attempt to secure an adjustment of this, and this securing of refund on over-charges is one of the practical services that the new department offers to the members of the Chamber of Commerce.

Mr. Driscoll says that the traffic men of the state have a rather keen interest in the outcome of the hearing before the interstate commerce commission which will be held Monday in Washington on the rates for canned goods and the like from the Pacific coast inland. Unless there is a suspension of the rates ordered, Texans may have to pay more for their canned salmon, dried fruits, beans and the like.

Calomel when bilious? NO! STOP! ACTS LIKE DYNAMITE ON LIVER

I Guarantee "Dodson's Liver Tone" Will Give You the Best Liver and Bowel Cleansing You Ever Had.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping which causes necrosis of the bones.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salfate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

stretch of two miles of bad road between Hog creek and the Bosque on the Crawford road. He said that the farmers of the neighborhood with the co-operation of the county commissioners had arranged to handle the situation with the exception of about \$200. He wanted the league to raise this in Waco.

W. V. Crawford moved that the league raise this amount and that a committee to this end be appointed. The members approved the idea and the following committee to finance this project: W. T. Wheeler, John Hollins, John Hopkins, W. V. Crawford and L. E. Bain.

Attention was called to the state good roads meeting to be held soon at Medina lake August 17, 18, 19, by Dr. W. J. Gelsie.

W. J. Gelsie moved that the league cooperate in an effort to get several companies of militia here during the Cotton Palace. He thought the Third battalion of Texas infantry, for public purposes. This matter was referred to the league publicity committee with power to act.

Sen Nix, public weigher and chairman of the league committee on the first bale, said that the initial bale had been received and that it was proposed to conclude the raising of a hundred dollar premium today.

R. J. Windrow told the efforts of his special committee to give the Temple boosters a warm welcome on their excursion stopover in Waco yesterday.

The Big Four Ice company, the Waco Cigar company and the Texas Telephone company were formally thanked for their contributions toward the success of the evening.

J. D. Wagner, who represented the Windsor community, was complimented by being made an honorary member.

WIPPENRECHT STRESSES NEED OF ENTERPRISE. Paul Wippenrecht of the state department of agriculture, made a straightforward talk on a city's duty in agricultural Texas.

"The three words that are the greatest stumbling block to progress are 'What is the use?' declared Mr. Wippenrecht. 'Whenever some new way is suggested for an old thing, some one is always ready to say, 'Well, what's the use, anyway?' He said old Texas was taking strides toward the new order of things. Good roads, better farming methods and better training are of more importance, according to the speaker, than factories. 'We are not ready for factories in most places in Texas—the demand is not yet strong enough,' he said.

Texasmen tear their hair during political campaigns over the governor's race and forget the two truly important offices in Texas, the state superintendent of education and the state commissioner of agriculture, the speaker insisted. He pleaded that Texas boys and girls be taught the virtue of honest labor, and interested in flower gardens and things worthwhile.

He complimented the league on the fact that it was dealing with things of practical helpfulness, such as highways.

The speaker paid a high compliment to Fred W. Davis, commissioner of agriculture.

On request, Mr. Wippenrecht explained the local option tick eradication law and declared it was not only feasible but had become a necessity. He urged that McLennan county take up this proposition and create interest looking toward the passage of the tick dipping law.

The education committee of the Y. M. C. A. will meet tomorrow evening for the purpose of adopting a plan of work for the coming year. Various committees are now preparing their reports and recommendations. The committee on education will consider recommendations on the general lectures to be held this year, the matter and plans for the night school, teachers for the night school, etc.

The vacancy of the physical directorship is yet open. However, G. M. Hunter, now of Silver Bay, N. Y., has been selected to fill the vacancy temporarily, taking charge about September 1.

The aquatic meet, which was to have been held tomorrow evening, has been postponed until some date in September, the date to be decided on later.

W. C. Duncan, W. T. Wheeler and J. C. Killgore. W. V. Crawford spoke enthusiastically of the Katy's recent action in making Waco headquarters for a number of train auditors. The league went on record for a vote of appreciation to the Katy.

WOULD OPEN UP CITY BLOCKS. The opening up of city business blocks was stressed by Mr. Crawford, who moved that a committee be appointed to get at the heart of the matter. This motion was carried. The committee will be appointed later.

W. W. Naman offered a motion thanking the city officials for passing the resolution to place a safety traffic semaphore system in the business district.

WOULD BRING MILITIA TO PALACE. J. E. Earle moved that the league cooperate in an effort to get several companies of militia here during the Cotton Palace. He thought the Third battalion of Texas infantry, for public purposes. This matter was referred to the league publicity committee with power to act.

Sen Nix, public weigher and chairman of the league committee on the first bale, said that the initial bale had been received and that it was proposed to conclude the raising of a hundred dollar premium today.

## Traffic Department Keeps an Eye On Over-Charges

Tariffs and classifications because of their multiplicity and intricacies are often hard for the consignee to decipher, even though he be a good traffic man, and a small error in classification sometimes means an over-charge of several dollars.

Illustrating this idea, H. D. Driscoll, traffic manager of the Chamber of Commerce, yesterday pointed out the case of a motor truck being shipped here from Detroit, Mich. By the fine discrimination between a "motor truck" and an "auto" and an interchange of rates applicable to certain territories based on the Mississippi river. As a result Mr. Driscoll figured that the over-charge was something like eight dollars. He will attempt to secure an adjustment of this, and this securing of refund on over-charges is one of the practical services that the new department offers to the members of the Chamber of Commerce.

Mr. Driscoll says that the traffic men of the state have a rather keen interest in the outcome of the hearing before the interstate commerce commission which will be held Monday in Washington on the rates for canned goods and the like from the Pacific coast inland. Unless there is a suspension of the rates ordered, Texans may have to pay more for their canned salmon, dried fruits, beans and the like.

Mays of Bell county. He performed the ceremony at a rooming house on the strength of a marriage license procured by the happy couple at Bowie.

A few moments afterwards he was called over the phone from Bell county by some one wanting to know if he had heard of the couple.

Yesterday at noon he was called to a wagon yard in East Waco, where a young couple from Riesel were waiting his services. He performed the ceremony uniting in marriage Miss Pearl Harrison to Mr. William Daniels.

School Board to Take Trip. McLennan county school trustees, in their capacity as the county school board, will make a trip to the western part of the county this week to investigate the advisability of redistricting certain districts. The county school board, which has the power of redistricting the county, is composed of the following members: John Strauss of Robinsonville, chairman; H. E. Hackney of McGregor; J. O. Burton of China Springs, and W. H. Westmoreland of West.

Judge Lester Back in Waco. Giles P. Lester, justice of the peace, was back at work in his court yesterday after a short vacation at the Galveston seashore.

County Schools Have Purchasing Day. A move to save the county schools money on the purchase of school furniture and supplies has been made by County Superintendent Abbott, in conjunction with the county board of trustees, which has resulted in the appointment of Monday, August 25, as school furniture purchase day. At this time the trustees of all schools needing furniture have been invited to be present and receive bids from representatives of school furniture companies for supplying them all together, in order to secure the best discounts and to have freight on shipments. Mr. Abbott states there will be about a dozen new school desks bought for the county schools.

# KURT'S DOUBLE SCORES LESLIE

AND WINS GAME FOR TARS IN THE NINTH AFTER NAGS TIED IT UP.

FLYNN HITS DOUBLE AND HOMER

Big Outfielder Has Good Day at Bat. Petty and Perritt Stage Another Twirling Duel.

Time was when such pitching as the Nag twirlers are dishing up during this series would have beaten the Waco team any old afternoon. And it's a good bet that none of the other six clubs in the league would emerge on the right side after standing up before such rapid-volley charges from the Branch throwers. But the series here is a good illustration of how a great pitching corps will lose when pitted against one greater. Young Petty allowed the Nags only four hits in the eight innings he worked yesterday, yet he was touched for three runs. Ollie Jost gets credit for losing the game, if there be any glory in that, because he stepped in to cut the knot. Yet it took some slow fielding on Mike Wotell's part to send Jost to the bench with his head hanging.

The reason Stewart's moundmen are unable to crumble the locals' sticklers effectively is that the club is making everything count, playing airtight ball, and refusing to pass up a run when by all the laws of baseball a score should not count over it. It's true that the Nags are getting their share of the breaks, whatever that mysterious element is; it's true again that luck seems to skip along with them. But—who makes the breaks and who turns an apparently empty inning into a good apparently empty one? Why? Why? Why? It seems to be slowing up in the latter part of the game, having allowed two runs in the eighth and ninth, his mates went out there and brought over the winning ace for him in the ninth. The way they have their heads in the air now no man in the world could have kept the Nags' only run from them. San Antonio's only consolation is that they have scrapped a good fight, and have hit it unlikely because they had to play here by Burch's lead, before the Skippers were transformed into such a demoniac machine.

## POOR BASE-RUNNING HURTS THE NAGS.

At that, it took some mighty dumb base-running to queer Petty's hopes of gaining a victory. In the fourth, the Nags should have made three runs instead of one. Again, the slow pinch-hitter, Leslie, who was called in to hit, struck it home, was calling vainly for it. Johnny Bagan was having the worst batting slump in Waco he ever experienced. Up fifteen times in the four games, he had made but one hit. He was struck out in eight of the tries. Usually the fast lead-off man is the one to start a rally here, but this time it was Leslie who was called in to hit. Flynn tried to show the homebats up by smacking a home run and a double, and scoring the tying run, but he was out in the eighth. Flynn got over the left-field fence. These two homers were all the Branches got until the ninth.

In the first inning, Burch grounded to Wotell and Westzel drew a pass. Dunckel flied to Bittle. Butler boosted to center in the second. Flynn got a strike, and Carmody singled to left. On Kuhn's throw to catch Flynn off second, Tanner dropped the peg, and Flynn instantly being married to third base. Wotell doubled in the third, but Cook, who batted for Burch, watched strike number three fly by. Westzel fouled to Kuhn. Dunckel singled in the fourth, and tried to piff second. He was out, Kuhn to Tanner. Butler was passed, and he also held no respect for Red's arm. Kuhn threw him out easily. It looked like bad baseball to dive to the slaughter. Flynn's home-run proved it. If the runners hadn't been so lousy to increase their stolen bases, they had the game won right there.

## CLARK'S HIT TIES IT.

Tanner's boot and Bagan's walk put two on the fifth. Wotell sacrificed. Cook fanned and Westzel tapped to Perritt. Westzel's walloper over the fence tied the score in the eighth. After Waco forged one ahead, her half of the inning was a total blank. The score again in the ninth. Flynn doubled to right-center, and went to third on Carmody's bunt. Clark, hitting for Petty, singled sharply to left, scoring Flynn. Bagan flew to Bittle, and the runner was nabbed at second on an attempted steal.

Bittle started Waco's first with a single to center. Bittle struck out and Bittle stole second. Malmquist flied to Wotell. James' double to left scored Bittle. Butler's miscue let Bittle reach first in the ninth. Bittle sacrificed here to beat the throw to third. He scored on Malmquist's fly to Bagan. James whiffed. Kuhn opened the fifth with a swinging bunt, which he beat out. Perritt advanced him. Bittle and Coyle rolled to Carmody.

Petty was responsible all around for the run in the eighth. Coyle was hit by a pitch, and took second on the pitcher's balk. He raced to third on a wild pitch, and scored on Malmquist's squeeze. James walked, and on another balk was caught at second, and the umpires were obdurate, however, and refused to penalize Petty.

In the final inning after Jost had caused Grubb and Conwell to roll to the infield, no chance for a run seemed near. Leslie walked, though, and hot-footed it around on Kuhn's double to right. While Wotell was kicking the hit, Donalds sent the runner home, and he beat the throw easily. Yes, Ollie was some sick at losing two games in two days.

Burch was chased to the bench while at bat in the third for kicking too much on a called strike. Barney hasn't act-

Atlanta-Memphis, wet grounds. Mobile-Nashville, off day.

## Sporting Comment

Perritt has cleared the 500 mark in his pitching record, having won three and lost two. He'll be up among the leaders when the '16 festival is over.

Nine this morning and no chance of falling. The fans here in the stadium are sure to have a chance to root for a pennant winner.

In over thirteen games no Waco pitcher has been jerked on account of poor work in the box. Sage was jerked out to let Grubb bat for him in a Beaumont game, although George was flinging good ball. The whole bunch goes to the park, and the fans will be sure to see the Red Sox dropped twenty in a row yesterday Connie's bawled game, the same as the three series with the northern clubs.

The road has no terrors for the Tars, while Shreveport is a notoriously weak globe-trotter. Fort Worth may yet cause you to look at it, Houston appears to be the club to beat out once more. If we can win one or two games more than half, allowing for a good string of bluffs, the pennant can be secured. The Red Sox dropped twenty in a row yesterday Connie's bawled game, the same as the three series with the northern clubs.

Fort Worth helped the locals a bit yesterday by beating Houston and thus widening the gap between the two full games. That's a loyal home in the square and heavy. Now, poor attendance compels the magnates to transfer the game to Houston. Fort Worth may yet cause you to look at it, Houston appears to be the club to beat out once more. If we can win one or two games more than half, allowing for a good string of bluffs, the pennant can be secured. The Red Sox dropped twenty in a row yesterday Connie's bawled game, the same as the three series with the northern clubs.

While Boston and Chicago are seen sawing back and forth for the pennant, St. Louis is winning two at a whack and advancing steadily. Fielder Jones has taken bottom teams before in his experience, and made pennant contenders out of them, his latest success being the sudden rise of the St. Louis Peas last season. And didn't notice old Peas last season. The cross-fire, a valuable asset of the Gettysburg vet, served him in good stead. Who can name a pitcher in the big leagues today any older in the point of actual service than the former Athletics?

## WACO LEAVES FOR GALVESTON TONIGHT

Have ye faithful fans realized that today's the last time you'll get to see the Waco twirlers in action again until August 25? This morning the team's got a record of having won their last nine games; if every true enthusiast will lie himself to the ball yard this afternoon and lend a little lung support, nothing can stop that nine from making it ten in a row, and probably starting themselves on another New York Giants "copping" tour. Red Causey, Donalds will be Hardy's selection.

Manager Hardy said last night that he was much pleased with the way his pitchers have been saving the opposition to pieces in the last three weeks. They're doing it. Tyler and James did as Red Hardy's selection. The Big Skipper declared that Houston at home, would prove troublesome at the finish, but the Buffs were the only ones that would cause the locals trouble. Some writers had predicted that Waco would finish as low as fifth place, and have honor of leading the second division, said Hardy, but they seemingly forgot that Waco has the best road club in the league, and can gain its way on work over half of its games away from home.

## Sage Troubled With Bad Toe

George Sage has been on the disabled list several days. He badly injured his right foot from being in uniform every day, although he took a good deal of rest, but he was not able to work in great form and lasting through each full game, the big league service have been sorely needed, but he will make the staff look more ready to stand a hard finish with five twirlers in good physical condition. Some of the pitchers out of the game of a bad case of malaria which is likely to develop into a twisted legament in his pitch- ing arm. He may or may not be able to work today; if he doesn't, either Stewart or Delaney will occupy the hill. Hardy, though, thought it best not to take any chances if he has got typhoid fever, however, and chased him back to San Antonio.

## Interesting Matches at Lake Forest

Lake Forest, Ill., Aug. 8.—Two out-of-town players remained in the twenty-ninth western lawn tennis championship. The number was increased to four if Maurice McLaurin and Kenneth Hawks of Los Angeles appear tomorrow as expected. Ward Dawson of San Francisco and Clifford Lockwood of Kansas City went through their round matches today in good form. Dawson won the feature match of the day, 6-3, 6-2, 6-1. Hawks, runner up to Health Byford in the Illinois championship, 3-6, 6-3, 7-5.

## LADIES AND GENTLEMEN

I ask a trial of my Chile, Tamales and Pies. The Chile and Tamales are made from the best tender, juicy meats. Selected corn is cooked and crushed for the Tamales and everything is made in my home under my direction absolutely clean. Served at my Chile Parlor, 106 North Fourth, next to Majestic Theatre.

MRS. J. J. RIDDLE.

## BOSTON WITHIN ONE GAME OF LEAD

## COTTON REPORT

New York.  
New York, Aug. 8.—Still higher prices  
were reached, unfurnished. Three rooms  
with bath and screened porch, at Ellis  
Hardy's, 24 N. 11th St.

The market showed quite a reaction-  
ary tendency during the early trading.  
Liverpool barely met yesterday's local  
advance while the crop news seemed to  
be more conflicting and after opening  
steadily at an advance of 1 point to a  
decline of 7 points, prices sold about 10  
to 13 points net lower during the mid-  
dle of the morning. Offerings were read-  
ily taken on the decline to 14.09 for Oc-  
tober and 14.39 for January. Covering  
by early buyers and broadening out-  
side demand sent prices up very sharply  
with October selling at 14.48 and Jan-  
uary at 14.77 during the early after-  
noon or about 37 to 35 points above the  
low level of the morning. Offerings in-  
creased on the decline from 22 to 28  
points from last night's closing fig-  
ures on the general list, however, last  
prior sales showed receipts to 10 to 12  
points. Reports from Dallas said that rainfall  
had been sufficient to lead to an im-  
provement in the crop. The official weather  
bulletin for the May option touched  
14.88. The heaviest trading of the ses-  
sion came in the early afternoon, for  
howing a prediction from a prominent  
trader that the market was on its way  
to 20 cents a pound, and to even higher  
levels, and the entire market achieved  
further successes.

In the early trading the market fell  
off 12 to 13 points from yesterday's closing  
level under liquidation and short  
selling based on the poor Liverpool and  
on private reports of rains in Texas and  
Oklahoma. When the official weather  
bulletin failed to confirm these reports  
the market rapidly turned up the decline  
and prices rose to 14.87 to 14.93. At  
the highest of the day the trading  
months were 42 to 45 points or  
more than \$2 a bale up, from the  
level of 14.42 to 14.48. Profit-taking by  
satisfied longs caused a minor reaction  
late in the day and the close was steady  
at a net gain of 20 to 21 points.

SPOT MARKETS.  
Galveston.  
Galveston, Aug. 8.—Midling 14.50; re-  
ceipts 2970, exports none, sales 471, stock  
67,500.

### What Mothers Say

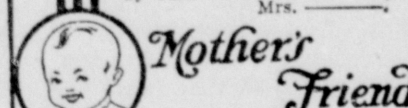

The experience of those who have used "Mother's Friend" should merit expectant mothers' consideration at this time.

"Was the means of banishing morning sickness and nausea during the first three months of pregnancy."

"Proved its great value during delivery by the absence of the severe pains, occasioned by such an event."

"Being an external remedy is of the greatest assistance in preparing the system for such a change."

Your druggist sells it. Write for free and interesting book on Motherhood.  
The Bradford Regulator Co., 208 Lamar Bldg., Atlanta, Ga.

## International Trophy at 'Y'

For the next two weeks there will be on display in the lobby of the local Y. M. C. A. the bronze shield given by the International Association committee in the Hexathlon contest which is open to all athletic teams of the Y. M. C. A. of the world. This shield was won in the 1915 events by the Class A team of San Francisco and the trophy is being exhibited all over the United States and Canada.

This contest is held under the auspices of the International committee each year and its plan is quite different from the average athletic contest. Any team which fulfills the specified classifications may compete according to the rules in its own gymnasium on six chief events. These duly authorized results are forwarded to the international judge committee and the award is made on the basis of these reports. Because of the ease with which, and because the interest it arouses, the winning of the trophy is considered a great Y. M. C. A. athletic honor. The shield contains a picture of the class photo-electrically engraved on the bronze plate and the names of the individual members also are embossed on this plate.

## TEMPLE LEAGUE PAYS VISIT TO THIS CITY

Y. M. B. L. OF BELL COUNTY METROPOLIS MAKES WACO ON TRADE EXCURSION.

### ARE WELCOMED BY WACOANS

Local Y. M. B. L. Members Extend Courtesies to Visitors—Speakers Plead Co-operation.

The Temple Y. M. B. L., about 150 strong, visited Waco yesterday morning from 9:20 to 10:20 on their "figure eight" boosting trip. The special train carrying the delegation arrived over the Santa Fe, having made stops at all points between Temple and Waco. The boosters were met at the station by a reception committee from the Waco Y. M. B. L., who conducted the visitors to the Y. M. B. L. hall, where the citizens of the two towns mingled for a while.

The local Y. M. B. L. had arranged a feast of watermelons for those who attended the reception at the hall. After the melons were enjoyed, order was called by Perry Duncan, who called on J. M. Carroll of Temple, leader of the visiting organization, for a few remarks. Mr. Carroll mounted a table and said he had told all the boys on arriving in Waco to do something elevating, and now he was setting an example for them to follow. Mr. Carroll said this was the first trip the Temple Y. M. B. L. had made to Waco in a body, and he was glad they had come, since the reception had been so congenial and hearty. He commented the Waco organization by saying that it was the most famous of such organizations in all the United States, and that the Temple body had been patterned after the Waco order. He explained that Temple was not here to get trade from Waco, but to advertise the Bell county fair, and get all the trade they could outside of Waco's city limits. A cordial welcome to the fair was extended on behalf of the Y. M. B. L. and the fair association of Bell county.

### SHOULD BE GOOD NEIGHBORS.

W. W. Naman was called to the rostrum for a talk. In his congenial way he said Waco and Temple had always been friendly, and now were even more friendly than ever. That Temple people were often seen in Waco for the purchase of "dry goods." The speaker appealed to the representatives of both towns to forget their petty jealousies, towns to forget their petty jealousies, and pull "not for a bigger Temple, not for a bigger Waco, but for a bigger and better Central Texas." His remarks along these lines were heartily cheered. He said Waco ought to be supplied at home. Mr. P. L. Downs, banker of Temple, was the next speaker, who repeated the invitation to all of McLennan county to attend the Bell county fair. Mr. Downs said he had often told his people that the three biggest things that concerned this part of the state were the Dallas fair, the Agricultural and Mechanical college and the Waco Cotton Palace. "Now," he said, "gentlemen, we want you to help us make an addition to the three. We want you to help us make the Bell county fair what it can be, and what it ought to be. It will prove a lasting benefit to the localities about us. It affords education that is much needed. We came to the Cotton Palace, and we want you to come to the Bell county fair."

### COLONEL DOWNS SPEAKS OF EARLY DAYS.

Colonel Downs made some reminiscent remarks about Waco, he having been reared in this city. He said he was proud of Waco's growth, her buildings and of her bridges. It is his desire, he said, to see the Brazos river improved and made navigable. "Poor," he said, "Temple is yet only twenty-five miles away, and we would profit as well as you in the advantages accruing from the river's use." The speaker said fifty years ago he rode as a passenger on the "Katy Ross" on the Brazos river, and before that date as a barefoot boy had walked across the new suspension bridge on the newly laid floor. He told how Waco was then the Athens of not only Texas but the whole southwest. "Now," he said, "we are for Central Texas, her institutions and her enterprises, and we want to see her leader in all things in the great southland," declared Mr. Downs. The Temple banker told his hearers that he was still in the banking business, "and I will see that any Waco man can get a check cashed at the Bell county fair and no endorsement will be necessary," was the speaker's last drawing remark.

### INVITATION TO COTTON PALACE GIVEN.

W. V. Crawford responded briefly in conclusion in behalf of the Cotton Palace, and invited the visitors to the Hippodrome to see the Cotton Palace in moving pictures. But to the delegation's schedule could not be altered so the picture might be seen. Mr. Crawford was anxious to have the picture shown in order to see how much this year's program would outclass last year's. He said the entire plans had been improved on wonderfully.

The boosters were accompanied by a band, which furnished music at the various points in the itinerary. One of the features in the long line of march was "Uncle Rube," who had good deal to say to his friends about coming to the fair October 2, 4, 5, 6, 7. The following places were visited yesterday in the fifth annual trade trip, which composes the famous "figure eight" trip: Lorena, Bruceville, McGregor, Waco, Pendleton, Moody, Eddy, Troy, Little River, Holland, Bartlett, Granger, Taylor, Milano, Cameron, Buckholts, Rogers, Heidenheimer, arriving at home at 8:10 last night.

Lunch In Our Luncheonette Department.

## POLICE CHIEFS ARE INVITED TO CONVEGE IN WACO NEXT YEAR

Assuring the convention of city marshals and chiefs of police, now in session at Houston, that Waco was very anxious to have them meet in this city next year, Mayor Dollins and Police Commissioner Richards yesterday wired an urgent invitation to the convention. The telegram also expressed the wish that the gathering would fulfill their mission of stemming the tide of crime, Chief of Police Guy McNamara and Russell H. Kingsbury, an honorary member of the association, are attending the Houston meeting from Texas. Each of these will add in person their appeal for the 1917 convention.

Following is the text of the telegram sent by the city officials: "Waco, Texas, August 8.—President, City, Marshal and Police Convention, in Session Rice Hotel: Dear Mr. President and Members of the Convention Assembled—Expressing for the city of Waco and ourselves the wish that your convention will be a most pleasant one and fraught with much good in a campaign against criminality of all kinds in Texas, we wish further to extend an invitation to hold the 1917 gathering in the fair city of the Brazos. We promise you a time that you shall never forget—all the old timers of the convention can vouch for this. The chief of police is with you and will endorse this invitation in person. "JOHN DOLLINS, Mayor of Waco. "BEN C. RICHARDS, Police Commissioner."

## Lions Have Rotarians as Guests for Lunch at Raleigh Today

The Waco Lions' club will be host to the members of the Rotary club at luncheon today at the Raleigh. The Lions' club is a newcomer in the commercial club life of Waco and the joint lunch today is in the nature of a get-acquainted meeting. President W. V. Crawford delegated the entertainment committee, headed by Langdon E. Luedde, with full power to make arrangements for the luncheon and this committee promises an interesting program.

## Culberson Supporters Meet Tomorrow to Organize Club

Voters interested in seeing Senator Charles H. Culberson re-elected are invited to meet in the Fifty-fourth district court room Thursday afternoon at 2 o'clock to assist in launching a Culberson County Culberson club. It is the intention of those heading the movement that the club will take the initiative in thoroughly organizing each justice precinct and correlating the whole into a strong county organization.

## Laymen Will Speak to Lawyers' Luncheon Club Saturday

"The Judiciary from the Standpoint of the Laymen" will be the subject of Dr. H. K. Aynesworth for an address before the Lawyers' Luncheon club next Saturday. Leaders of the club think that a thoughtful address of this kind coming from one not a member of the bar and a large attendance is anticipated.

## McGregor Picnic Comes Tomorrow

The McGregor W. O. W. and I. O. O. F. picnic, which will take place tomorrow at McGregor, will be one of much interest, according to visitors here yesterday from that little city. They said there would be free baseball, goat-roping, speaking of a football nature, and perhaps some political speaking, besides a general good time for all.

The jubilee will last but one day, tomorrow; but the program will extend into the evening.

## Stearn's Electric Rat and Roach Paste

Ready for use. Directions in 15 languages. U. S. Government buys it. Sold everywhere. 25c and \$1.00. Stearns' Electric Paste Co., Chicago, Ill.

## Waco Responds to the Spirit of Touring Week

That Waco is feeling the appeal of national touring week is shown by the fact that dozens of local people have started out in their cars this week for camping trips and tours, and that a number of automobile parties are passing through the city from other points is attested by the hotel registers and the garage men. Auto travel is declared to have been fairly heavy all during the summer thus far, but a noticeable increase in touring cars entering the city has been reported since Sunday.

The Raleigh has had as many as a

dozen touring parties in one night for stopovers within the last few days and the New State House also reports more auto parties than usual. Other hostilities say they have also noticed the increase. Dusky touring cars with the tell-tale bundles of tents and luggage strapped on the rear and sides are to be seen on the streets at all times now.

### Cranberry and Raisin Marmalade

1 cup cranberries  
1 cup SUN-MAID Raisins  
1 cup sugar  
1/2 level teaspoon salt  
Wash the cranberries and cut into quarters. Put in saucepan with 1 cup of water; the sugar, salt and raisins which have been washed and put through food chopper. Boil 45 minutes, or until thick. This makes a very good filling for short-cake or to use with bread when jams and jelly get low.

—And besides, paying rent may be all right—FOR THE OTHER FELLOW—but YOU ought to have

## A Home of Your Own

It is twice as easy to pay the rent money towards the purchase of YOUR HOME as it is to pay it for rent. And at the end of a few years the home will be entirely YOURS.

You will be surprised, when you talk things over with us, to learn how very easy we have made it for you.
